HUNDREDS KILLED IN CANTON FIGHT

COMMITTEE ON LAW AND ORDER FORMED; FOR A CLEAN CITY

Oakland's Moral Forces Combine to Fight for Fewer Saloons and for Protection of Minors

ASK CITY COUNCIL TO INVESTIGATE

These are the resolutions passed by a meeting of citizens and representatives of social organizations at a meeting held in the Y. M. C. A. last night:

Whereas, The probation office of Alameda County has brought charges against certain saloons and cafes in Oakland of selling liquor to a minor and such charges have been substantiated by proper affidavits, and

Whereas, Certain male persons are charged with contributing to the delinquency of said minor by purchasing liquor for such minor, and

Whereas, It is charged the restaurant and box ordinance is being violated by the same saloons and cafes, therefore be it

Resolved, That we demand that the City Council of Oakland make an immediate investigation of such charges and if found true to forthwith revoke the liquor license of the following saloons and cafes:

The Saddlerock, 418 Thirteenth street.
The Avenue, 535 Sixteenth street.
Tod & Red's, 421 Tenth street.
The Savoy, Ninth and Broadway.
Kessler's, Eleventh street, between Broadway and Washington.

Resolved, That we demand that the Chief of Police proceed immediately to enforce the box ordinance in restaurants and cafes.

Resolved, That the District Attorney be requested to prosecute the parties charged with contributing to the delinquency of Helen Sergeant.

Resolved, That a law and order committee, consisting of two delegates from each city and county organization interested, be formed for the purpose of watching legislation and taking necessary steps to see that the laws of the community are enforced.

Resolved, That from this date we will wage an aggressive campaign, through the press, the pulpit, by public mass meeting and by the recall, if necessary, against any public official who fails to enforce the law against violators of those ordinances designed to protect the character of minors.

Resolved, That the City Council of Oakland be requested to print in pamphlet form without further delay one thousand copies of the report of the Public Welfare Commission, which report was submitted to the Mayor June 19, 1913.

Resolved, That this meeting endorse the movement supported by THE OAKLAND TRIBUNE to reduce the number of saloons in Oakland from 397 to 200, said reduction from 397 to 200 licenses to be consummated within six months.

Resolved, That this meeting endorses the stand of the Oakland Enquirer in demanding the revocation of the licenses of those restaurants and cafes alleged by the probation office to have sold liquor to a minor girl of the age of 15 years, in every instance in which such allegations shall be proved before the City Council.

Resolved, That a copy of these resolutions be sent to the City Council of Oakland, the Chief of Police, the Prosecuting Attorney, the District Attorney of the county and the press of Oakland.

WITH the one aim of waging war against Oakland's disreputable saloons and cafes, a new organization, probably the most powerful of its kind ever founded in the city, was born last night when, at the Y. M. C. A. building, delegates from the different social workers' organizations met to form the Central Law and Order Committee.

The committee is not an independent organization, but a centralization of the forces fighting for a clean city. Beginning Monday night, it will hold regular meetings, employ attorneys to fight its cases, and watch the saloons. Infractions of law by saloons will mean demands for license revocations.

MANY AT SESSION.
Those present last night, and the organizations represented, were as follows: G. B. Holmes, Oakland Church Federation; W. N. Jenkins, Alameda County Christian Endeavor; H. L. Kemp and Frank Green, First Baptist church; L. C. Leet, Men's League, First Congregational church; Mrs. S. C. Borland, Oakland Civic Center; Miss Beatrice McCall, probation office; Miss Grace Fisher, Y. W. C. A.; A. H. Elliot, Plymouth Center; John Fechter, Y. M. C. A.; Miss Bessie Wood, Child's Welfare League; Henry McDonald, V. Van Deren and William Best, Fishermen's Bible Class; Brooklyn Presbyterian church; Frank Reed, First Baptist church; Arthur Arlett and several others.

STUBBORN SKIPPER FOILS U. S. PLANS

Immigration Officials Could Have Caught Prince Sulkowski

SEATTLE, Aug. 14.—A plan to halt the big Canadian liner Empress of Russia at sea and take off Prince Stanislaus Sulkowski, yesterday, carefully worked out by the United States marshal's office and the revenue cutter service, failed because the commander of the steamship declined to co-operate.

United States District Attorney Schoonover, at Los Angeles, telegraphed to United States District Attorney Riddell at Seattle, asking him to effect the arrest of the prince, if it were possible.

Captain Dunwoody of the revenue cutter service, United States Marshal Jacoby and Immigration Inspectors Fisher and Zurbich were called into consultation. It was found that the Empress of Russia, on her way from Vancouver to Victoria, would pass that on a previous voyage she had

NEW LIQUOR ORDINANCE DRAFTED

Main Provisions of Law Agreed Upon by the Commissioners

Measure to Be Voted On in Council Tomorrow or Monday

The ordinance as proposed by the Council is a clear slap at the public. It is simply an ordinance drafted to please the saloon interests, and it means a battle of the people with the Council to the death.

Two hundred saloons and \$1000 license at once and no compromise.

Now then let it be a fight to a finish.

The People vs. The Council and the Saloon.

HERE ARE PROPOSED SALOON DISTRICTS

Districts in which it is proposed by Commissioner Turner and commissioners to permit saloons, according to tentative draft of the ordinance now being prepared:

Central district—From Webster to Grove, and from Nineteenth street to the estuary.

Southern district—Seventh street and south of Seventh street from Oak street west.

Italian district at Temescal—Telegraph avenue frontage from Forty-fifth to Fifty-second streets.

San Pablo avenue frontage from Fourteenth street to city boundary.

East Oakland district—East Fourteenth street east of Fourteenth avenue; East Twelfth street from Third to Fourteenth avenue; Fruitvale avenue south of East Fourteenth street.

West Oakland district—West of Peralta from Emeryville line south.

Saloons outside of these districts will be given till next April to get out of business.

The main points of the new liquor ordinance have been agreed upon among the city commissioners, and the bill will probably be presented in council tomorrow or Monday. The commissioners are holding an executive session.

MARSHA WARRINGTON POINTEDLY QUESTIONED

Severe Examination of Witness by Lawyer Coghlan

Lola Norris Begins Her Story of Sensational Elopement

BULLETIN

SAN FRANCISCO, Aug. 14.—Marsha Warrington concluded her testimony in the Diggs white slavery case at 11:30 a. m. today and was followed on the witness stand by Lola Norris. There will be no further examination of Miss Warrington either by the defense or the government. Attempts to shake her testimony only drew stronger affirmations, and the court cut short the questions as "a minute pursuit of collateral matters."

SAN FRANCISCO, Aug. 14.—With an undercurrent of suppressed excitement, due to rumors of jury tampering, with a Burns detective on the job and said to be watching certain jurors, with a half dozen girls still in their teens listening to the testimony with suppressed giggles and with Marsha Warrington on the stand under a grueling cross-examination, the trial of Maury I. Diggs was resumed before U. S. Judge Van Fleet this morning.

Special Prosecutor Theodore Roche said that for the present nothing further would be done in connection with the rumors of persons addressing the jury and no notice was taken of yesterday's inquiry by the court. Before Judge Dooley the case of Drew Cammerth, similarly charged with Diggs, for violating the Mann white slave act, was not over until Tuesday. The trial will follow that of Diggs.

Miss Warrington, looking somewhat abashed, much subdued but ready for the ordeal, was waiting in the courtroom when the session opened. She wore the same costume as before, held her head down and occasionally rested it upon her hand. She was questioned particularly with reference to her willingness to leave Sacramento and stay at the bungalow at Reno and certain statements alleged to be contradictory to testimony made by her on the train following the arrests to Assistant District Attorney Atkinson of Sacramento. While she was giving the first of this evidence Judge Van Fleet interrupted her.

JUDGE QUESTIONS GIRL.

"I see there are some very young girls in the rear of the courtroom," he said. "I want to ask whether they are accompanied by their parents or not."

Several heads nodded in the affirmative, several smiling faces were uplifted from the rear row, whereupon his honor remarked:

"Very well, then, let them take the responsibility. I suppose it will have to be all right," and the court was very evidently annoyed.

Miss Warrington denied her having left Sacramento of her own accord.

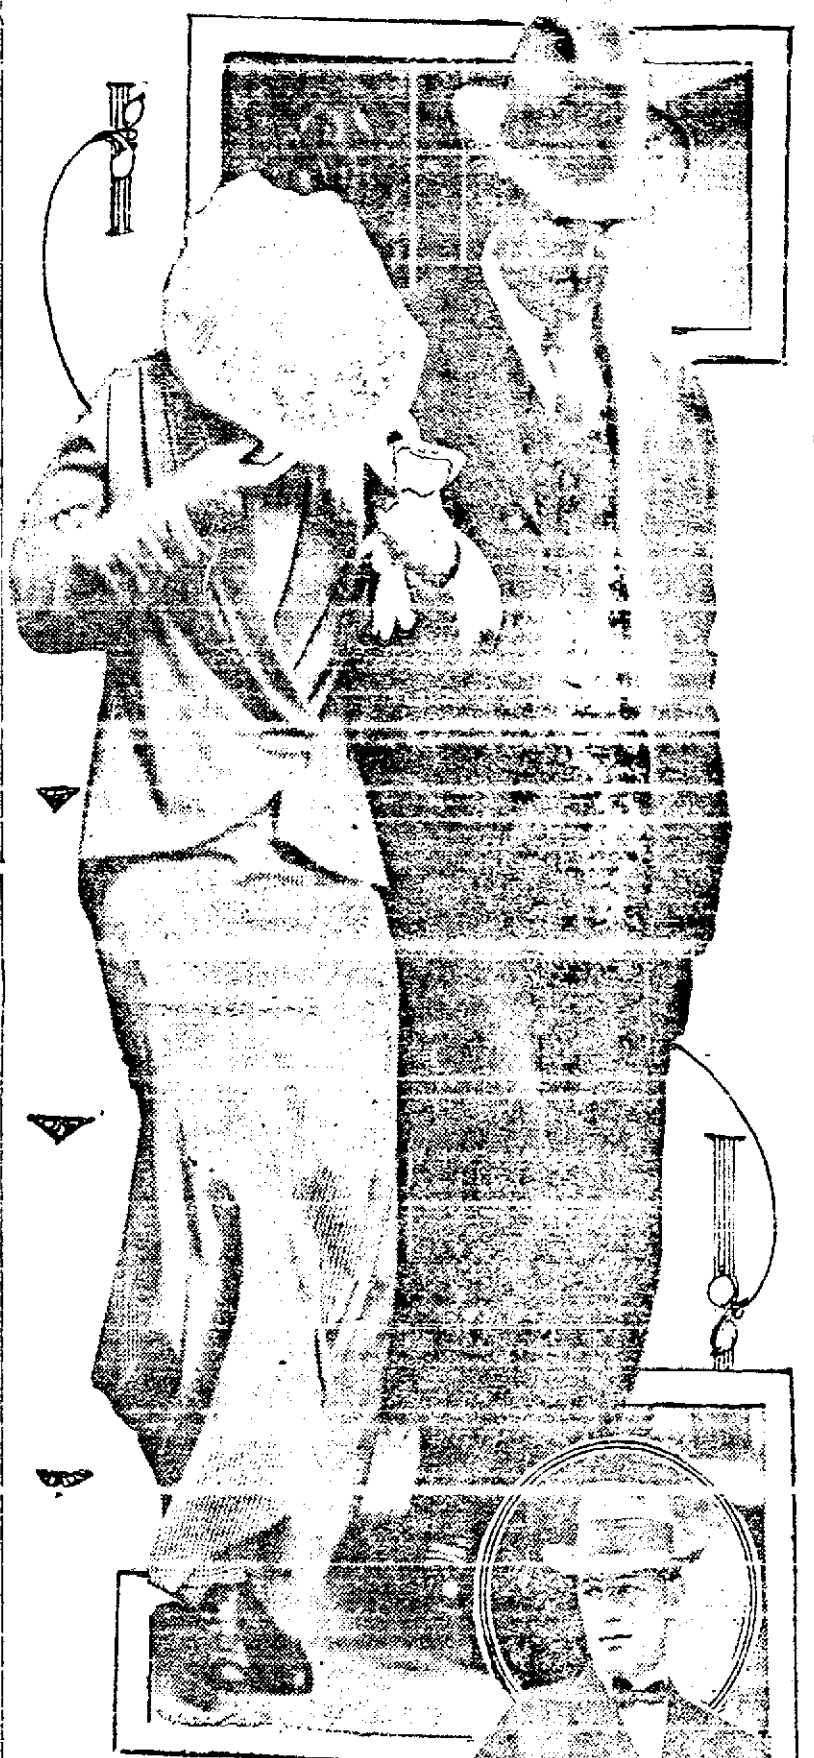

"Didn't you go because you wanted to?" questioned Coghlan.

"No, because I was afraid to stay."

"Of your own free will you went didn't you?"

"I was afraid and I went of my own free will then, yes."

MARSHA WARRINGTON leaving court after telling her story to the jury yesterday is shown in the top picture. She is shielding her face from the crowd and photographers. With her is her bodyguard and relative, C. A. Ayres. Below is Maury I. Diggs, who posed for the camera. He has had no qualms about letting the public get a glimpse of his features.

BOTH 'GOVERNORS' CLAIM POSITION

New York Tangle Over Sulzer and Glynn Grows Acute

ALBANY, N. Y., Aug. 14.—Two claimants to the office of governor of New York sat in the capitol today, each asserting his right to the office and attempting to conduct the state's affairs from his own chambers.

William Sulzer, impeached governor, sat in the executive chamber on the second floor of the building. He is going to sit there every day, according to friends, disregarding the impeachment proceedings, which he regards as unconstitutional.

Martin H. Glynn, lieutenant governor, said claim to the governorship on the grounds that Sulzer ceased to be governor when the Senate received the articles of impeachment yesterday.

The army of state employees is demoralized. Department heads are at a loss to know whose instructions to follow.

Mrs. Sulzer, star witness of the impeached governor, is so seriously ill of nervous disorders that two additional specialists had been summoned by wire to attend her.

BOY CRUSHED TO DEATH BY TRUCK

Victim of Accident Was Sole Support of a Large Family

Lester West, 17 years of age and the main support of his widowed mother and a family of seven children, was crushed under the wheels of a heavy truck while on his way to work this morning and died while being taken to the Receiving hospital. Two sons had left for work early this morning and when the tragic news was borne to the mother at her home, 5144 Ygnacio avenue, her informants were unable to tell her which of her boys had been killed and she spent a frantic half-hour in doubt waiting for the information.

The accident occurred at East Fourteenth street and Twenty-third avenue.

PILLAGE IN PROGRESS IN CITY

Foreign Quarters Said to Be in Danger From Rioters

Indian Troops Ordered From Hongkong to Protect Lines

CANTON, China, Aug. 14.—Twelve hundred persons were killed in the fighting in Canton City yesterday. Pillage is in progress everywhere.

Half of the troops have joined the rebels and together they have looted the principal goldsmith and silversmith stores. Federal officers and army officers are powerless in consequence of dissensions among themselves.

An attack on the foreign quarters at Shameen is believed by foreign residents to be in contemplation, and the detachment of Indian native troops stationed there as a guard was reinforced today from Hong Kong. The foreign quarters serve as a buffer between the rival forces.

A huge fire broke out today, destroying thirty barracks and as a result of the accompanying rioting the exodus of the civilian population continued without abatement.

REBELS CROSS BORDER.

HANKOW, Aug. 13.—It is reported that 25,000 rebels from the province of Hu-Nan have crossed the border into the province of Hu-Peh and defeated a small force of loyalists. Their intention is said to be to capture Hankow and afterwards to move against Peking. Northern troops with artillery have left here to intercept the rebels and it is believed they will easily rout them.

REBELS POORLY EQUIPPED.

LOHNS, Aug. 14.—The Times Peking correspondent describes the Chinese revolutionary situation as most unsatisfactory. He says the unspeakable slowness and clumsiness of the northern troops have put a premium on sporadic outbreaks in defiance of the central government, and that nobody is able to tell what is going on in the province of Sze-Chuen behind the broken communications.

The 25,000 Hunanese rebels, the correspondent adds, "are mostly a mob of untrained and unequipped recruits, short of ammunition and negligible as an army, but their moral effect on the loyal Wu-Chang army may be disquieting."

The government has ordered the withdrawal of a third division of troops from Mongolia for operation against the Hunanese rebels. The neglect of the government to take advantage of its early successes has encouraged revolt at the new points and created a chaotic situation.

Says Boating Party Was Lost on Bay

SAN FRANCISCO, Aug. 14.—A man giving the name of Henry Sahle communicated with the harbor police from Larkspur late last night saying that a party of friends had been lost on the bay. He told Corporal Conlon that the people had departed on a small boat of a third class, from Larkspur to South San Francisco. They left the former yesterday morning and had not been heard of. Before the officer could get the names of the missing people or a description of the boat the long distance was too great for him to make any further get in touch with Sahle.

Woman Sentenced For White Slavery

SAN FRANCISCO, Aug. 14.—Rose Marks, proprietress of a resort at 699 Jackson street, was sentenced to two and a half years in San Quentin by Superior Judge Lander this morning.

ORGANIZE TO FIGHT FOR SALOON REGULATION LAW

Moral Forces of Oakland Hold Mass Meeting at Y. M. C. A.

(Continued From Page 1)

Frank Parcells, president of the Public Service Club, in the chair.

A demand was noted for the revocation of a license in the case of all cafes mentioned in the Helen Sergeant testimony. Enforcement of the box ordinance, elimination of all disreputable cafes from the city and prosecution of all men convicted of contributing to the ill doing of minors. In this connection special demand that the men concerned in the Helen Sergeant case be prosecuted, was voted.

BEHIND MOVE TO LIMIT SALOONS.

The new organization's first official action was to place itself squarely behind the move to limit Oakland's saloons to 200 and raise the license. Its first

Resolved, That this meeting endorse the movement favored by THE TRIBUNE to reduce Oakland's saloons from 357 to 200, and that we urge that said reduction be considered by the city council.

Christopher Ruess presented the resolution, which was unanimously carried. "We are behind this move," declared former Councilman A. H. Elliot. But our primary object is to get after the cafes. Let us take them

prosecute any cases for you to aid the work. We must make our city officials act. We know the people are really after these cafes they will close them. If we sit back and do nothing, and public sentiment is weak, the cafes will not be prosecuted. Because the city officials have not acted in the past is no reason to blame them. The people are at fault. They should have ordered them to. Had they the officials would have acted; they all know that.

The new committee, with more members, will hold its first official session to carry on its fight Monday night. In the meantime an organization committee, which is gathering the names of the delegates, is at work. This consists of the following: Miss Ida Green, John Fletcher, Louis Gear, L. C. Leet, A. H. Elliot, Miss Bessie L. C. Gresser.

OUTLINES CAMPAIGN.

A. H. Elliot outlined plans for the fight, and suggested that in case of a defeat, a strong public feeling the result might be resorted to.

"I favor the recall where necessary, for its moral effect," he declared. "It has a practical value. In that it secures rigid enforcement and rigid observance of the law."

"This proposition of reducing saloons to 200 is a very heavy task. I want to go after the disreputable cafes first." "The other move has already been started, and the city council is practically pledged to reduce the saloons to 200," declared Christopher Ruess. "That's why we must get after the cafes. That's why we must get after the cafes."

W. C. Barnard, former president of the Public Welfare Commission then outlined the plan of organization.

"We will have two delegates from each organization," he said, "form a law and order committee, hire an attorney and fight against any place where the law is violated, beginning with those in the Sergeant case."

This was adopted. Barnard also attempted to enter a resolution committing the committee to the recall of the city council for voting in favor of a cafe license. The meeting refused to do this, stating that circumstances were not known to warrant such action.

"You had better not do that," declared Arthur Allett. "Learn the facts. We do not know what conditions existed and would be taking upon judgment. The city has passed in which minors have not had liquor in cafes. Understand, I mean cafes, not restaurants. The welfare commission has demanded the revocation of many cafe licenses. We have secured two revocations, Sullivan's and Winegar's."

"I believe the cases recently cited are the only ones given publicity recently, but we know violations of the law have been frequent. I am not a citizen of Oakland, but got into this fight simply because I believe in the right. I want every cafe in the city which sells liquor to minors closed up. The better class of saloons men are behind us, too. Still, a cafe at Ninth and Broadway was granted on June 20, a license by our city council. The case is that of the transfer of a saloon license. W. F. Hurl bought a saloon license and opened the cafe. The application for the cafe was signed by two saloon men, a shoe man and a pawnbroker. No notice was given the welfare commission."

SCORES SOCIAL CLUBS.

"The city was not visited from some saloon so-called social clubs, which are free houses. The police de-

partment has failed to suppress gambling and to enforce the box ordinance. This latter law is openly violated, and the police are not interested in these facts."

There were other speakers, and as a result of the public welfare commission was named. In this a saloon, submitted by the public welfare commission, described the various cafes, stating that the cafe sold liquor with meals and that minors were present. The cafe was sold liquor. This was asked, asked by the mayor.

"Now, I speak to the officials have 'sanctity of law' and 'Honesty'."

KNIGHTS TEMPLAR TO CONVEIN IN LOS ANGELES

Select Angel City for the Next Triennial Conclave on First Bailot.

DENVER, Aug. 14.—Los Angeles, Cal., was selected as the meeting place for the thirty-third triennial conclave of Knights Templar to 1915 on the first bailot.

Balloting for officers of the grand commandery of the order was held yesterday afternoon at the headquarters of the order. It was given out from authoritative sources that the following had been elected: Grand master, Arthur MacArthur, Jr., N. Y.; grand master, Lee S. Smith, Pittsburg, grand generalissimo, J. K. Ott, Atlanta, Ga.

CAMINETTI TRIAL WILL FOLLOW THAT OF DIGGS

Private Detective at Trial Watches Jury to Prevent Any Tampering, Is Report

(Continued From Page 1)

"Did you purchase a night gown before going?"

"No."

"Did all or even remain in the bungalow at the time of the murder?"

"There was a piano there?"

"Yes."

"You played and sang a good deal of the time?"

"I played, yes."

"No, we played to pass the time away."

REGARDING DIGGS.

"When you separated from Diggs you expected to see him again, didn't you?"

"No."

"Didn't you say you wanted to see him again?"

"No."

Assistant District Attorney Atkinson, didn't you?"

"Yes, on the train and in Truckee. I made them to shield Diggs."

"Did you say then that you had never had sexual relations with the defendant?"

"I don't remember."

"Didn't Atkinson ask you what your name was and didn't you say M. I. Diggs?"

"No."

When the defendant's counsel had come upon an objection by the prosecution that the grand had been covered before, Coghlan said:

"I am trying to be cooperative. Your honor?"

Referring to the incident of the alleged changed testimony, Miss Warrington denied that her parents or anyone else had told her to say anything.

"I expect to argue to the jury and I may as well say now that it is our contention that Miss Warrington was induced to change the statements made to the jury."

"Isn't it a fact, Miss Warrington, that after you got to Sacramento you were under arrest and were charged with contributing to the delinquency of a minor?"

"The prosecution objected and the court interrupted the witness. 'Did any representative of this government, any official, or anyone else, come to you and ask you to tell a different story or to change any statement made by you?' If so, I want to know it."

TOLD TO TELL TRUTH.

"No, sir. I was told to tell the truth."

"Your parents tell you to make a statement different from that made on the train?"

"They didn't know anything about the statements on the train. They told me merely to tell the truth."

The court had previously informed the jury that the defendant had 30 minutes for his cross-examination this morning, and at this point he was warned that he had already had a 15-minute extension and would have to conclude almost immediately.

The court here warned Coghlan that he had overstepped his time and must conclude. Thereupon Roche took Miss Warrington for redirect examination. She denied that she had known of the white slave charges or anything about the white slave law when Diggs questioned her on the train and made the statement to the Sacramento district attorney.

She said that she had been a good and virtuous young woman prior to visiting Diggs on the occasion of the champagne supper at his office.

"Were you intoxicated on that night?" inquired the court.

"Slightly intoxicated," was the answer.

Continuing, Miss Warrington said: "We visited road houses frequently. We usually had drinks. Diggs nearly always paid for them. Sometimes I didn't want to drink. Once when I refused Diggs knocked the glass from my hand and hurled it against the wall."

Just here a sensation was sprung. One of the jurors, William S. Bliss, rose from the box and inquired of the court.

"Is there not some evidence, your honor, that may be material, which has not been presented?" he asked.

"That is something with which the jurors have nothing to do. It is their duty only to consider the evidence presented here," replied Judge Van Fleet.

JUDGE IS EXPLICIT.

"But, your honor, the government was asked last night to produce certain evidence here and has not produced it."

"The jury need be concerned only with what they hear. It is not in their province to speculate about what may or may not be produced," said his honor.

Evidently the juror was concerned because Roche yesterday refused to turn over to Coghlan the transcript of the testimony given by Miss Warrington to Assistant District Attorney Atkinson on the train.

Here Miss Warrington was again turned over to the defense, but Coghlan was allowed only a brief five minutes, during which the witness denied that while she was staying in this city Diggs, Caminetti and herself had locked the door of the Grant Hotel, and that Miss Norris had knocked and had gained admittance. She also said she had not been peevish because Miss Norris would not leave.

Over Coghlan's protest, Miss Warrington was excused, and Linda Norris, a truly beautiful girl, with a slender

chief accuser of Drew Caminetti, son of Immigration Commissioner Caminetti, walked bravely to the stand. She wore a blue dress with a velvet

hat surmounted by a plume. A veil of light texture covered her face, but the bloom of youth could be seen by everyone. She was more eloquent as a witness than Miss Warrington and usually could be heard throughout the courtroom.

MISS NORRIS TESTIFIES.

Her testimony, in substance, broken by questions by counsel, follows:

"I will be 20 years old this month and my home is in Sacramento. I have been employed at the capitol as a librarian. I met Drew Caminetti about a year ago. I also knew Diggs and have known Miss Warrington for years. We have been going together for quite a while now. Caminetti told me that his wife was going to get a divorce from him. He frequently said that she loved her."

"We used frequently to go to road houses together. Finally Diggs told us that the police had been shadowing him and that his father had telephoned to them not to let him get out of their sight and to watch the women with whom he had been going."

He said that he thought that we had all better get out of town. Caminetti and I were staying at the Columbia Hotel. The week before we finally left we met every

one. I heard Diggs tell Miss Warrington that she loved her."

The Secret of Most Eye Troubles

Eye strain is the secret of nearly all eye troubles. Eye strain can be traced as the secret cause of much nervousness, headaches, neuralgia, pains and other nervous afflictions, though very few people realize it.

In many cases people suffering from eye strain are wholly unconscious of the fact; apparently they can see as well as ever, and in consequence they do not suspect the real cause of their headaches and other nervous troubles. Eye strain in such instances is directly responsible for the condition of a great number of children who are unwell, nervous and backward in their studies.

ST. JOSEPH'S WILL OPEN AUGUST 27

At Institution Facilities Are Provided for Study of Music.

St. Joseph's school for the deaf, the boarding and day school for deaf mutes and girls, conducted by the Sisters of St. Joseph, at 402 Telegraph avenue, Oakland, will open on Wednesday August 27.

In connection with this institution excellent facilities are provided for students who desire to pursue any branch of music, practical or theoretical. Studies in this department will be resumed on September 3. Those who are anxious to secure such instruction and at the same time give practical proofs of their kindness will find this a favorable opportunity, as the profits enable the sisters to carry on the noble work of educating and caring for the deaf mutes.

DR. GLOVER DENIES HE SIGNED DEATH PAPER

SAN FRANCISCO, Aug. 14.—Dr. Cosmos A. Glover sprung a surprise in the contest insurance case in which Miss Mary Rose Roche is suing Traveler's Insurance company of Hartford for \$5000 when he stated positively that he had not signed his name to the death certificate.

He said the signature was not his. He was former autopsy surgeon under the late Governor Walsh. Roche died, according to his sister, as the result of accident on June 20, 1911. His last seen act was acting as a pall bearer at a funeral one month previous. The insurance people claim that he was suffering from chronic heart trouble. The case went to the jury at noon.

Excursion rates to Concord

Excursion tickets are now on sale for August 15 to 18, inclusive, for Concord and Street Fair and will be on sale from San Francisco, Oakland, San Jose, Tracy, Suisun and intermediate at one fare and one-third for the round trip. Final return limit August 15. See Southern Pacific agents for further information.

NOT ENGAGED TO GOULD. SHE SAYS

SOUTHAMPTON, England, Aug. 14.—Miss Doris Keane, actress and suffragette, denied yesterday, as she stepped aboard the steamship Olympic for New York, that there is any truth in the report that she is engaged to Howard Gould.

"You can state," she said, "that I am engaged to no one. I've been on a vacation. I've had a splendid time. I feel much better for it. Part of the time I stayed with Gladys Unger at her villa at Pinetree, in Brittany, France. She is busy writing a play. I have arranged to spend the next few days at the same place in which I'm to appear in New York."

COST LIFE.

(Continued From Page 1)

The boy was holding to the rear of the truck while riding a bicycle and slipped under the wheels. The accident occurred shortly after 7 o'clock this morning. The truck is said to have carried the name of the Coast Manufacturing and Supply Company.

The wheels passed across the boy's head, crushing his neck and almost instant death. The body was removed to the morgue from the receiving hospital and an inquest will be held.

The boy was a lumber handler. The accident was witnessed by J. A. Rymer, 2331 Twenty-third avenue, and J. E. Switzer, 1907 Twenty-third avenue, who took the boy to the hospital.

STOCK CHANGED FOR LAND CAUSE OF SUIT

Lewis S. Gear complains in a suit filed in the Superior Court today that George C. MacKinnon entered into an agreement with him whereby the latter was to purchase a lot in Oakland with 2000 shares of stock in the California Pressed Brick Company at \$100 with the understanding that he would sell the shares for \$600 within 90 days, but that that part of the agreement has not been carried out. The lot had a mortgage for \$400 and the agreement was made in December, 1923. Since that time the brick company has suffered financial reverses. Recently complaints were made to the authorities by persons who had purchased gold bonds in the concern.

ROYAL OAKS WILL BE ORGANIZED TOMORROW

Permanent organization of the Royal Oaks will be effected tomorrow night, when, at the Commercial Club, officers will be elected, a constitution and by-laws adopted and plans made for regular sessions. It is planned to organize the Oaks along the line of a military order. Committees were appointed to work out details last week, and these will report at tomorrow evening's session.

WARRANT FOR MRS. MELCHER.
WASHINGTON, Aug. 14.—Immigra-
tion officials today issued a warrant
for the arrest of Clara Melcher at
Los Angeles, with directions to its in-
spectors in that city to hold her in
connection with charges against Stan-
ley Sulkowski, former Austrian
army officer, who departed for the
Orient yesterday from Vancouver
with his bride, formerly Miss Marie
Louise Freese, daughter of a wealthy
Los Angeles family. The woman will
be the chief witness against
Sulkowski if he is brought back to
this country to face charge of violat-
ing the white slave law.

KNOW HER WHEREABOUTS.
LOS ANGELES, Aug. 14.—Federal
officials here said today that they
were in close communication with
Mrs. Clara Melcher, the Austrian
woman who accused Prince Stan-
ley Sulkowski of having induced her to
come to this country for immoral
purposes. They stated they had not
yet received any message from Wash-
ington directing them to hold her in
connection with the case, but added
that they expected no difficulty in
doing so as the woman had volun-
teered her information regarding the
prince, who recently was married here
to Miss Marie Louise Freese of Los
Angeles.

W. Robinson, assistant
United States district attorney an-
nounced his intention of having the
federal grand jury investigate the
charges Mrs. Melcher made against
Prince Sulkowski with a view to in-
dicting him for an alleged violation
of the Mann white slave act. The
prince's bride was reported to have
expressed herself as a firm believer
in his innocence.

FIND SUICIDE'S BODY IN A LONELY SPOT

Coyote - Eaten Remains
Lay for Months in
Underbrush

SAN FRANCISCO, Aug. 14.—In a
lonely spot partially concealed by un-
derbrush, on a bluff overlooking the
ocean and not far from the San Mateo
county line, the body of an unident-
ified man was found at midnight. The
discovery was made by residents of
a cabin near the water's edge, who
communicated with Murray's road
house.

When the coroner's deputies
reached the scene the man had dis-
appeared and the crew of the South
End life saving station were forced
to make an additional search for the
body. It was 6 o'clock this morning
before it was located by Charles Rick-
son and Deputy Coroner Brown.
There was little more than the
bones of the unfortunate man, the
corpus having evidently been preyed
upon by coyotes. According to in-
formation received at Murray's, there
was a pistol and two letters beside the
remains. The police are now looking
for the man who made the find and
they hope that in this way the body
can be identified. The place chosen
for the supposed suicide is peculiarly
remote. The corpse had evidently
lain on the hillside for six months.
The decedent wore a black soft hat,
low-cut shoes and brownish suit.
The body has been identified by papers
as that of W. H. Nicholson and the
finding of the head about 50 feet below
a bluff near the ocean, points to murder.

TAKEN ILL ON TRAIN; DIES IN HOSPITAL

C. E. Hapner of Eton, Ohio, died at the
emergency hospital this noon following
his removal from the Southern Pacific
overland train at the Sixteenth street sta-
tion. It is believed that he was suffer-
ing from epilepsy. Hapner had papers in
his pocket bearing the address of Mrs.
C. Hapner, Eton, Ohio.
He also had a membership card in St.
Clair's Council, Junior order of United
American Mechanics, and a small sum of
money. The body was taken to the
morgue. The man was 35 years of age.

which probably will start September
22.
The articles of impeachment, com-
plaint and summons were served on
Governor Sulzer immediately after his
arrival at the capitol by Patrick E.
McCabe, clerk of the Senate. The gov-
ernor received McCabe in the presence
of a crowd of newspapermen and cap-
itol attendants. He shook hands with
McCabe and took his stand behind his
big flat top desk while the Senate's

I am directed by the president of
the Senate to serve upon you a sum-
mons and complaint and articles of

Governor Sulzer took the papers,
granted and tossed them upon his
desk.
"All right," he said.

MAKES ANNOUNCEMENT.
Then he posed for photographs with
McCabe, asked the newspapermen to
leave and then he made the following an-
nouncement:

"The governor has been en-
joined by his counsel from making
any statement. I will say, how-
ever, in his behalf that illness of
Mrs. Sulzer is giving the governor
considerable concern. Her condi-
tion last night was very serious.
The specialist summoned from
New York last night is here and the
governor today summoned two
other doctors from New York to
attend her."

Governor Sulzer then retired to his
private office for a series of confer-
ences.
Mrs. Sulzer's temperature was 102,
her pulse 110, her condition nervous,
and she can see no one, according to
a bulletin issued this afternoon.
Never in the history of the state
has its army of employees been more
demoralized. Nor does the panic
affect only the internal affairs of New
York. It extends to the state's rela-
tions with other commonwealths and
unless the issue is speedily settled
there is every indication that other
states will shortly find themselves in
the perplexing situation of dealing
for themselves who is governor.

BECOMES INVOLVED.
An instance of this situation was re-
vealed in the announced intention of
both Glynn and Sulzer to sign requir-
ing papers for prisoners held in the
name of New York beyond its borders.
Whatever today might bring forth no
permanent relief in the situation was
indicated this forenoon. Leaders of
the two factions expected no settle-
ment of the problem until after the
meeting of the legislature next Tues-
day, at noon. Then, they believe, the
issue will be squarely joined and ready
for submission to the courts by the
legislature's formal recognition of
Lieutenant Governor Glynn as acting
governor.

Reports today were that such re-
cognition would be granted by the Sen-
ate by confirming the appointment by
Governor Sulzer of a state labor com-
missioner. Abraham I. Elkus of New
York City was said to be the man
selected by Mr. Glynn for the office.
The great seal of the state of New
York was still in the possession of
Governor Sulzer, who still occupied
the executive chamber and will con-
tinue to occupy it, or attempt to do so,
until the impeachment trial is under-
taken. He still occupies the executive
mansion.

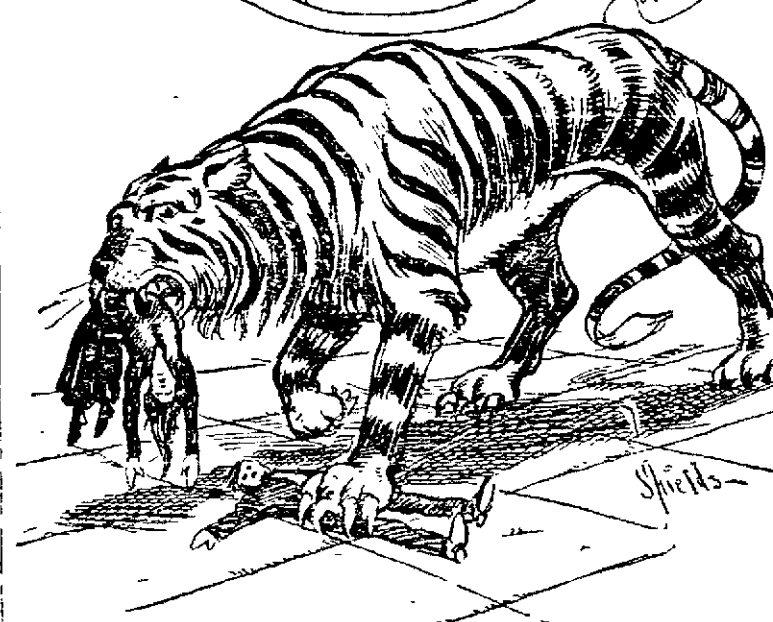

WILL MAKE DEFENSE.
Although Governor Sulzer and his
counsel—a group with wide reputa-
tion as lawyers of ability—planned to
ignore the impeachment formally for
the time being on the grounds that it
was unconstitutional, the governor
will make a spirited defense before
the court of impeachment, which
meets Thursday, September 15. At
this meeting it is expected prepara-
tions will be made to begin the trial
on the following Monday, September
22.

The governor's wife, star witness
for the defense, lay seriously ill in a
state of collapse at the executive
mansion this forenoon. To friends
who visited her bedside yesterday she
declared hysterically that she alone
was to blame for bringing to her hus-
band the mountain of trouble he faces
A specialist on nervous disorders,
summoned by wire from New York
City last night is in constant attend-
ance on her.

Her illness has affected the gover-
nor deeply. When he learned the seri-
ous nature of her ailment last night
he decided in an outburst of impul-
siveness that he would never permit
her to take the witness stand at his
trial. Friends expect to dissuade him
from this, however, should her con-
dition improve sufficiently, as they be-
lieve the governor's case will be mat-
terially strengthened when she tells
her story to the court.

MRS. SULZER'S ILLNESS.
Mrs. Sulzer's illness is so serious
as to be regarded as critical, accord-
ing to announcement made today by
Governor Sulzer's secretary. Two ad-
ditional specialists were summoned
from New York by telegraph this
morning to attend her.

In the opinion of some of the gov-
ernor's friends the court of impeach-
ment will never sit in judgment on his
case and Mrs. Sulzer will be saved
the ordeal of examination at the hands
of counsel for political interests.
"Mrs. Sulzer, far from acting with
intent to do wrong, was entirely un-
conscious of the gravity of her offense
when she bought stocks with a part
of her husband's campaign contribu-
tions," asserted a close friend of the
Sulzer family today. "On the contrary
she thought she was doing a
sensible thing. Her husband was in-

had saved nothing during the years
he was a representative at Washing-
ton. He is not a business man and
his wife thought she was entirely
within her rights in providing for the
future by putting away something for
a rainy day, even without his knowl-
edge."

WHAT FRIENDS BELIEVE.
The governor's friends who believe
that the court of impeachment will
never convene to try his case have
their opinion on the tentative plan of
his counsel to have the courts review
the constitutionality of the impeach-
ment proceedings prior to September
15. This review, they assert, prob-
ably will be started by mandamus to
proceedings to compel obedience to his
instructions by the fire depart-
ment.

WOMAN SUFFRAGE COMMITTEE ASKED

Feminine Voters Urge Creation

House.

WASHINGTON, Aug. 14.—Sup-
ported in their arguments by several
members of the House, delegates to
the National Council of Women
Voters appeared today before the
creation of a woman suffrage com-
mittee in the lower branch of Con-
gress. The women were led by Miss
Emma Smith Dove, president of the
council. Representatives Baker of
California and Keating of Colorado
were on hand to champion their
cause.
Miss Jane Addams of Chicago, Dr.
Viola M. Coe of Oregon, Dr. Cora
Smith Kink of Washington and Mrs.
Frances M. Bjorkman of Colorado
were announced to make the prin-
cipal arguments favoring the appoint-
ment of a suffrage committee. The
fact that such a committee had long
existed in the Senate, the women be-
lieved, was sufficient reason why a
similar committee should be allotted
to them in the lower branch of Con-
gress.

COMPANIES RESUME FIRE INSURANCE IN MISSOURI

ST. LOUIS, Aug. 14.—The Missouri
fire prevention bureau, which ceased
work on April 20, when the fire in-
surance companies quit writing poli-
cies in the state, resumed business
today with the return of the fire risk
companies. The bureau is composed
of about 400 state and special agents
of the companies.
F. N. Judson, attorney for the in-
surance companies, announced last
night he had received letters from
the state and from six others saying
they have permanently quit the state.

Alfred Greenway Slashes His
Throat After Attempting
Death by Poison.

SAN FRANCISCO, Aug. 14.—After jok-
ing and laughing with two friends in their
apartments at 1350 Broadway, Alfred
Greenway, a porter, stepped out of the
room at 6 o'clock this morning, slashed
his throat with a razor and in a few
moments was dead. On Tuesday Green-
way made an attempt on his life, drink-
ing a quantity of chloroform in im-
mense quantities. He had been employed
in the saloon of Jack Sneider, 601 Broad-
way, and lived at the Capital house.
His associates say that he had been
warned that if he did not stop excessive
drinking he would lose his position and
this made him desperate. After finish-
ing work at midnight he went to visit his
friends on Broadway, and as the time
drew near for his departure he fell a
joking remark and walked forth to be-
come a suicide.

name of William Walters, was shot
and fatally injured early this morning
by Patrolman Martin, when he failed
to heed the officer's command to stop
running. He had been arrested on
suspicion of robbery and broke away
from the officer. Walters refuses to

N. Y. POLICE EJECT DINERS IN CAFE

Magistrate Scores the "Strong
Arm" Men Acting Under 1
a. m. Closing Law.

NEW YORK, Aug. 14.—Mayor Gay-
nor's curfew order directing proprie-
tors of liquor-selling places to close
at 1 o'clock in the morning, brought
on a deadlock today between the
police and the courts. The action of
a "strong-arm" squad in ejecting 50
men and women diners from Thomas
Healy's restaurant early this morning
was described by Police Magistrate
Deuel as "unjustified."

The magistrate said from the bench
that he would issue warrants against
the police for oppression and assault
if the "invasions" were resumed
against the restaurant, which has been
visited by policemen each morning
this week. Acting Police Commis-
sioner McKay announced that the po-
lice would continue to close the place
at the curfew hour.
Healy's assistant manager sum-
moned Acting Police Captain Hart to
Magistrate Deuel's court today on an
oppression charge. The summons was
dismissed, but the court, in announc-
ing his willingness to issue warrants
upheld Healy's right to serve others
at the restaurant closes at a hotel
license.
The police are believed to be acting
with the knowledge and consent
of the mayor, as Acting Commissioner
McKay was in conference with Mayor
Gaynor.

COUPLE "TAKE IN" STRANGER; FIND HIM TO BE THEIR SON

GLASGOW, Ky., Aug. 14.—He had been away for twenty years, seeking his fortune in Alaska, and his father and mother, Mr. and Mrs. James Huffman, were sitting in a room of their home near here last night, discussing him and wondering if he ever would come back. Then there was a knock at the door and Huffman opened it to see a dusky traveler, who said he was tired and was seeking lodging for the night. Huffman thought he could do nothing for him, as there were visitors in the home, and the traveler turned to go. But Mrs. Huffman could not see the man turned out into the night, so called him and "reckoned they could manage somehow."

Then they led him into the hall and under the swinging lamp the aged couple recognized their son, Virgil, who had been prospecting in Alaska for a score of years and he has prospered. He will make his home with his parents, who "reckon" they can manage somehow to make room for him.

for that many licenses had been
issued, and that no more had been
issued after the 200 mark was
reached. The reply from Chief Se-
bastien follows:

Chief of Police Petersen: Number
of saloons fixed by ordinance over 10
years ago at 200. Never been re-
duced. Increased six at a time San
Pedro was annexed to accommodate
that town. Have liquor zone which
prohibits saloons outside certain dis-
tricts. Usually business districts.
C. E. SEBASTIEN.

NEW POOLROOM LAW.

Commissioner Baccus introduced
this poolroom ordinance this morning,
as amended by Chief Petersen, and
with the age of minors permitted in
the saloons cut from 21 to 18 years.
The ordinance provides against
gambling or the playing of any game
of chance where a thing of value is
hazard, against back and side
rooms, and makes it a misdemeanor
for a minor to enter, as well as for a

any poolroom or billiard parlor.
The main point concerning the or-
dinance is that of police control and
regulation of the police, as it
provides that every such place must
apply for a permit to the police must
pass on the application and make sub-
sequent recommendations if the place
violates the ordinance.

WHAT ORDINANCE PROVIDES.
The ordinance was given its first
reading this morning as follows:

Section 1. It is hereby declared to be
unlawful for any person, firm or cor-
poration to conduct, carry on, operate or
maintain in the City of Oakland any pub-
lic pool or billiard room, or rooms with-
out written permit therefor granted by
the Council of the City of Oakland, and
such permit shall be secured in addi-
tion to the license required by Ordinance
No. 2415 of the City of Oakland.

Such permit shall be granted or refused
by the Council in its discretion, upon
application therefor by the person, firm
or corporation, and such application
shall specify the name of the person, firm
or corporation applying for such permit,

LIE PASSED OVER MEAT INSPECTION

E. A. Young and Dr. R. A.
Archibald Clash at City
Council Session.

The lie was passed in open council
this morning, but there were no blows
struck. E. A. Young, butcher, farmer and
former president of the Oakland Mer-
chant's Exchange and Dr. R. A. Archi-
bald, city inspector of meats and mar-
kets, held a lengthy wrangle, the upshot
of which was that each "gave the lie" to
the other. Had not Mayor Mott used his
gavel with loud and many crashes upon
the desk, the argument might have been
long continued.

Commissioner Turner requested Young
to state his charges to the council. The al-
legations properly sworn to, and he would
have the matter investigated.

Young charged that the meat inspectors
failed to enforce the present law, that
they enforced parts of it arbitrarily and
without justice, that they discriminated
against the farmers, and caused farmers

to lose their meat. He stated that of the same
class of meat, the inspectors condemned
88 per cent of the hogs brought in by
farmers, while they condemned only about
3 per cent of that brought in by the local
slaughter houses, although no difference
could be discovered in the meats by an
expert. He finally declared that his mar-
ket had not been regularly inspected.

"There's something wrong somewhere,"
said Young.

"What about this?" asked Turner of
Archibald. "Your inspectors have been in-
sufficiently trained," he said.

"That's a fair charge," Young. "You
can't show me an inspector who acted
like a gentleman who was insulted by any
of my men at any time."

Mayor Mott pounded for order and the
matter was referred pending the filing of
charges.

Dr. Archibald and Young have been in
several quarrels before, and the scene in
council today was the upshot of bad
feeling that has existed for many months.

REPORTS EVIDENCE LIBRARY'S GROWTH

In the thirty-fifth annual report of the
Oakland Free Public Library, which was
recently submitted to the city council for
its approval, an appeal has been made for
small branch library buildings. The li-
brary board, headed by Frank M. Par-
sons, advocated that the most modern and
structures should be included in a bond
issue, and the districts directly served
should furnish the site.

The statistical report is supplemented
by the following statements, which trace
the progress of the library:

"The general growth of the use of the
library in all its activities has been
upward of 10 per cent, and it could have
been largely increased if the money for
new branches asked for and the new
books demanded by the public had been
available. No new branches have been
possible under the rate allowed by your
honorable body for the past year, but
probably can be established under the
same rate again for the increase of
amount raised caused by the increase of
valuations will hardly do more than meet
the increased demands caused by the
growth of existing services. The business
growth of the city, the greatest economy
compatible with the greatest economy
compatible with the greatest economy.

With the art gallery housed in the new
auditorium, and the proposed museum
building and larger library building on
either side of it, Oakland will have a civic
center by the lake that will keep pace
with the city hall and the school build-
ings.

The rentals now paid for these would
be interest on quite a sum, and the
rentals are increasing year by year—that
is, the city is not getting in this matter
the benefit of its own growth.

During the past year 6500 books were
added to the library's collection.

Books: Purchase, \$544, gifts, \$17; bound,
\$26, and exchanged, \$3. This does not in-
clude the books added by the city or
county branches. In the matter of book
selection the book committee of the board
is aided by the growing volume of it
leaves it more and more to the librar-
ians, and he depends upon the recom-
mendations of the heads of the depart-
ments.

The total of books loaned for home use,
library and branches, is 538,855. Adding
in the periodicals circulated, 18,508, and
the tools circulated by schools, 1501, the
grand total of all kinds of home circula-
tion is 558,864, an increase over the pre-
vious year of 42,000. This does not include
22,500 pictures loaned. The school circula-
tion has fallen off, largely owing to the
fact that the school department has itself
supplied all the grades with classroom
libraries and does not call upon the li-
brary for this service.

INCREASE OF CARDHOLDERS.
The increase in cardholders over the
past year has been 1419 per cent.

The growth of the legislative and the
municipal library is the result of the es-
tablishment of many new clearing-houses
of information for the study, by legisla-
tors, officials, clubs and other citizens of
civic problems, spelled new inspiration
and development to the municipal refer-
ence department of the Oakland Free Li-
brary.

The medical magazines are still kept in
the magazine room of the Carnegie build-
ing, but are to be moved to the city
hall with the other material, where the
directors hope to add the best medical
books for the use of the Health Depart-
ment and other physicians.

The gifts this year have been in the
form of reports from many clubs and
exchanges from many libraries and sev-
eral valuable volumes from the city col-
lection, donated when the old city
hall was destroyed.

RESIDENT DEAD**

A. B. Seal, one of the best-known
traveling men on the coast, died yes-
terday at his home in Long Beach
after an illness of seven months. He
had been a resident of Oakland for
nearly 30 years, but upon engaging in
business at Long Beach, moved to
that city about a year ago. He is a
brother-in-law of L. N. Cobbledick of
the Oakland civic service board. He
leaves a widow, Jessie Cobbledick

ROBBED OF RINGS IN FREE MARKET

Jewelry Taken From Handbag
Valued at \$500 by
Owner.

While shopping at the Free Market,
Sixth and Washington streets, this morn-
ing, Mrs. E. C. Kayser, 923 Clay street,
was robbed of a small chamol bag con-
taining five diamond rings, each valued
at \$100. The rings were taken from a
hand satchel carried by Mrs. Kayser, and
she believes that the thief followed her
about the market and took advantage
of the moment in which her attention
was drawn in another direction to slip
the chamol bag and rings. The theft
was reported to the police.

Patrolman Lohsen was much mystified
last night in walking his beat and sev-
eral parts of the market, a vast coat and
overcoat and several other articles of
clothing strewn along the sidewalk. He
gathered up the garments and sent them
to the Central station, and then pro-
ceeded to make the rounds of the tailor
shops in the vicinity. The shop of M. M.
Francis, 1510 Seventh street, had been
entered by breaking the glass on the
front door and a quantity of clothing
stolen.

The thieves ransacked the place and
selected the high priced cloth. They
took more than they could carry, how-
ever, and were forced to drop some of it
on the road. The loss is estimated at
several hundred dollars.

The "Lakeside burglar" made the
nightly visit last night, entering the
Newsum apartments, 2438 Valdez street,
and stealing a gold watch valued at \$1
from P. M. Payne. Payne awoke while
the man was in his room, just in time to
see him make his exit through the win-
dow. The police were notified and a
search was made.

NEWLY WEDS TO THE FRONT

Here's a Chance for Any Young
Married Couple to Take
Advantage Of.

Any married couple, whether they
have a bank account or not, can take
advantage of Eilers' unusual offer. We
have two full \$5-note player pianos
that have been used less than a year
and are like new in every particular.
These instruments sold originally for
\$650. We have taken them in ex-
change on a grand piano and a Chick-
ering grand player de luxe, allowing
\$375 each for them. We will sell
them for \$325 without first payment
of any kind and arrange terms of
\$1.50 per week.

With one of the players there are
fifty rolls of popular music. With the
other we will give 20 new rolls with our
usual exchange privilege. These
players must be seen and heard to be
appreciated. For your convenience we
are open every evening until 10
o'clock. Eilers Music House, 1448

PHYSICIAN TRIES TO KILL HIS WIFE

Dr. Baker Restrained by the
Detectives and Held at
Hospital.

SAN FRANCISCO, Aug. 14.—Dr.
Charles Baker, a Devisadero-street
physician, is held at the Detention
hospital upon allegations made by his
beautiful 17-year-old bride, Mrs. Do-
mina Tormich Baker. His detention
is said to be due to an attempt on the
part of the physician on the life of his
young wife and then to commit sui-
cide.

"He tried to murder me and then
kill himself," was the startling al-
legation pretty Mrs. Baker made to at-
tendants at the hospital yesterday
afternoon.

Dr. Baker's alleged attempt to com-
mit a double tragedy was narrowly
averted by two private detectives who
were watching for the doctor's movements
afternoon. For days, Mrs. Baker says,
she has feared her husband and has
had two guards in the house at all
times. She says that the two men
took a revolver from her husband
yesterday afternoon just as he was
about to shoot her.

"He pointed the gun directly at me,
and I would have been shot if the de-
tectives had not interfered and
wrested it from him," said Mrs.
Baker. "I thought the end had surely
come, but I depended upon the guards
to save me, and they broke into the
room none too soon."

MASONS PLAN PICNIC.

BERKELEY, Aug. 14.—The three lodges
of Masons in this city are arranging a
basket luncheon picnic, which will be held
Saturday, August 23, at East Shore Park.
It is expected that several hundred mem-
bers of the order and their friends will
attend. A committee has been appointed
on games, dancing and other amuse-
ments and trophies are to be awarded
on the several events.

MISSING WOMAN
FOUND IN HOUSE

Miss Bender Hidden Beneath
Bed While Police Scour
Berkeley Hills.

Elizabeth Bender lay beneath a bed in her parents' home at 1012 Parkmont avenue yesterday while police scoured the hills in search of her. She was found by a servant who had left the house in the early morning after she had been told that her father was dead.

A servant employed in the Bender home was retiring last evening and was about to enter her bed when her foot was suddenly seized by someone beneath the bed. With a shriek of fright she fled into the hall, where she attracted the attention of the family who, when they arrived, found Miss Bender cowering beneath the bed.

Explanation showed that she had fled from the house at midnight. She had met in the road a man whom she knew as he did, having seen her, she crept back to the house and hid herself in an attempt to escape.

Miss Bender's present predicament is the result of a nervous breakdown. Formerly prominent in social and musical circles, she recently suffered a nervous collapse, which affected her mind.

Arrangements were made for her removal to St. Helena for treatment, and word of this plan came to her ears. Though her name was in constant attendance, she slipped from her room early yesterday morning without disturbing her attendant and was missed at breakfast time by the other members of the family. Mr. and Mrs. D. A. Bender are her parents. She is 40 years of age.

WELL KNOWN WOMAN
IS CALLED BY DEATH

ALAMEDA, Aug. 14.—Mrs. Emma Jost, for many years a resident of Alameda, and well known among a more than ordinarily large circle of friends, is dead at her home, 2100 Franklin avenue, after several years of failing health. Death came at the age of 70 years.

A full week at her household duties. Mrs. Jost was the wife of Bernard Jost, of the German bank of San Francisco, and the mother of Mrs. Anne E. Rismann, Mrs. William H. Rismann and Mrs. E. J. Rismann, prominent members of the Aetolian Yacht club and leader in aquatic sports. Deceased is also survived by a granddaughter, Dorothy Blum, and a nephew, A. J. Blum, German, 55 years of age.

The funeral will be held from the late residence at 2 o'clock today. Burial will be in the Lutheran cemetery. Cremation will follow.

NEW NUMBERS ARE ON
GYM. FUND BENEFIT

BERKELEY, Aug. 14.—Progress is being made toward the completion of the program which is to be given at the High School Auditorium the evening of August 22nd at the benefit for the school gymnasium fund. The members of the High School Mothers' Club and G. B. Moody, director of physical culture at the school, are working together in the preparations. Mrs. Zoe Green Radcliffe's fantasy, "Mother Goose Land," will be one of the chief features of the program. A dozen or more high school pupils will participate. "The Japanese Dolls' Serenade" and the "Dutch Dolls" will be other features furnished by high school maidens. Miss Edith Benjamin, soprano, will sing several selections. An effort is being made to secure a quartet of the University Glee Club. Athletic numbers by boys of the school will complete the program.

YACHTSMEN PLAN A
SOCIAL DEPARTURE

ALAMEDA, Aug. 14.—Tonight at the Aetolian Yacht club there will be given the first of a series of monthly dances. The club decided upon the dances as a feature in order to provide more social recreation for the members. It is the intention of the committee in charge to make the first dance one of the brilliant affairs of the season, and for this reason the club premises will be decorated in bunting and Japanese lanterns. Excellent music will be a feature of the monthly dances.

The club is now in an excellent condition and many new members have become affiliated with it. The recreational and aquatic advances are constantly being improved and indications are that the present season will be the most successful since the commencement of the organization.

ELMER DECKER ACTING
AS DEPUTY TREASURER

ALAMEDA, Aug. 14.—Elmer D. Decker, deputy city assessor, is instituting in the department of City Treasurer Oswald Lubbock, during the absence of Deputy Treasurer Leon Ader, who is at Baltimore as a delegate from Alameda to the grand convention of Eastern States. Ader has been away about a week. He will attend his travels through many of the Eastern states, returning via Canada. The office of treasurer and tax collector is now preparing the tax bills for the coming installment.

MOTOR BOAT PARTY IS
BACK FROM CRUISE

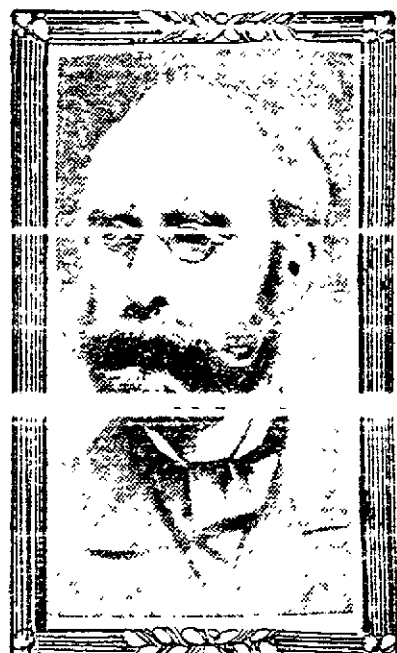

ALAMEDA, Aug. 14.—Leon K. Hughes and party have returned from a cruise on Knigsbitter's motor cruiser Monowal. Most of the time was devoted to angling. The fishermen displayed trophies of their skill.

Splendid weather was experienced and the trip was without other than pleasant incidents.

ALAMEDA RESIDENT
SUMMONED BY DEATH

ALAMEDA, Aug. 14.—Mrs. Harriet Edwin Hallon for the past five years a resident of this city, and wife of the late Richard Hallon, proprietor of the "Rafael" San Rafael, is dead at her home, 2020 San Jose avenue. She was a daughter-in-law of the late Richard Hallon.

She was acquainted with a large circle of friends in Alameda and the other parts of the county. The funeral will be held at 2 o'clock today at the home of Mrs. Hallon. The burial will be in the Lutheran cemetery.

PROF. WICKSON BACK
WAS AT CONVENTION

PROFESSOR E. J. WICKSON.

UNIVERSITY OF CALIFORNIA, Aug. 14.—Professor E. J. Wickson, former dean of the department of agriculture, has returned from a series of lectures at the University of California, Berkeley.

Professor Wickson, who was in Berkeley, California, to give a series of lectures on the subject of "Agriculture in Europe," declared that the present war has had a profound effect on the agricultural industry of the world.

"Agriculture in Europe," declared Professor Wickson, "is at present very largely in the hands of women. The men farmers are devoting their attention to war and rumors of war, and have left the actual conduct of their farms to the female population."

"Despite the prevailing inclination to let women do the work, however, the European farmers are not so largely in the hands of the women as the Americans are. In the United States, the men farmers are still largely in the hands of the men."

CLUB PLANS AN
ORIENTAL YEAR

Interesting Program Ahead of
Hillsiders According to
President.

BERKELEY, Aug. 14.—The Hillsiders Club will have an interesting program ahead of it for the coming year, according to the announcement at the club's first meeting this evening. President J. B. Osborn, Harry F. Osborn, a recognized authority on Japanese art, was announced as one of the speakers at the annual convention of the club.

President Osborn announced, as the subject for the first social evening, "An international congress, or conference, of nations. In which Japan, represented by Uncle Sam and Columbia, extends an invitation to all nations to come and arrest the tendency toward a decadence of art."

There will be fancy dancing and art tableaux to typify the Triumph of Art, and a pageant will close with a glorification of this triumph.

Thirty-five separate nations will be represented on the floor, and there will be a pageant to typify the Triumph of Art, and a pageant will close with a glorification of this triumph.

FOSS REPUBLICAN NOMINEE IN MASS.?

There's Likelihood of Three-Cornered G. O. P. Fight for Governorship.

BOSTON, Aug. 14.—Governor Eugene N. Foss, who was one of the candidates for the Democratic Presidential nomination last year, made public a brief statement today which was generally interpreted by political leaders to mean that he would seek the Republican nomination for governor at next month's primaries. Should the governor return to the Republican ranks, which he left to be elected as a Democratic Congressman in a strong Republican district, and subsequently to be elected governor for three successive terms on a "rock-ribbed" Republican state, it would mean a three-cornered contest at the primaries.

Colonel, Everett O. Benton, last year's defeated Republican standard-bearer, and Congressman Augustus P. Gardner have already announced that they would seek the Republican nomination.

Governor Foss' statement, which he read before a meeting of the executive council, said:

"If I am a candidate for the Republican nomination I will abide by the result of the Republican primaries and not run later as an independent candidate if defeated."

The governor has frequently expressed dissatisfaction with the present national Democratic administration, saying recently:

"I am now convinced that at least the present national leaders of the Democratic party offer no hope to the country of a sane tariff revision."

'MOVIE' HOUSE SOLANO'S FIRST

Theater Manager to Select Lot and Build in New City.

A moving picture house will probably be the first new building in Solano. The owner, who has agreed to select his lot next Sunday, will begin construction on the following Wednesday and has already ordered his building material shipped by barge up Solano's harbor canal. Within thirty days after the choosing of their sites on Sunday, construction will begin on a concrete bank building, a hotel, restaurant, cafe, grocery store and general merchandise store.

Following the announcement that the townsites were ready for inspection, the general sales office of A. J. Rich & Co. was besieged yesterday with inquiring buyers and the checking up of the advance demand proved a record-breaking sale for Sunday. "No new town was ever started with such a demand before," was the statement given out by the sales manager.

Rich & Co. have engaged special trains on the Oakland & Antioch and Southern Pacific and automobiles with a capacity of over 500 persons to care for Sunday's crowd and every seat will be taken.

RESIGNS CHAIR ON FAIR CONCESSIONS

M. H. De Young Steps Out of Committee Because of Restrictions.

SAN FRANCISCO, Aug. 14.—M. H. De Young, following the refusal of the exposition directors to give his committee on concessions full charge of that department, has resigned as chairman of the committee. He will, however, hold his place as director and vice-president of the exposition.

The directors voted to accept the resignation, at the same time commending the director for his work, which was approved.

DANIELS FAVORS NAVAL PROMOTION

Would Stimulate the Ambition Among the Warrant Officers.

WASHINGTON, Aug. 14.—Stimulation of ambition among the warrant officers of the United States navy is the object of a circular letter sent today through the service by Secretary Daniels, who is anxious to see the non-commissioned officers aspire to commissioned rank. Under the law twelve warrant officers a year can be elevated to positions as ensigns, provided they pass the examination prescribed, but very few in recent years have seized the opportunity.

The secretary is of the opinion that worthy aspirants should be encouraged and their ambition spurred. To that end he has authorized the regulations, the chief concession being that those who fall in their first examinations may try again as often as they make application and evince a real earnestness to rise in the service. "If you don't at first succeed, try again" in effect is the burden of the secretary's invitation.

The issue of the circular to those in the naval establishment eligible for elevation in rank was inspired by the desire of Secretary Daniels to see the full quota this year sworn in as ensigns. The secretary believes such advancement will work for the good of the service and increase interest in the navy.

PATRONS OF UNCERTAIN AGE TO SIGN AFFIDAVIT

Printed blanks, forming affidavits of seniority, will have to be signed by patrons of uncertain age visiting some of the large Oakland cafes in future. Pat Kirsch, proprietor of the Saddle Rock, hit upon the idea, and after a consultation with his attorneys and Police Chief Petersen, he determined to have some affidavits printed.

When a young man who has the appearance of being less than 21 years of age demands an intoxicating beverage at Kirsch's place, the waiter will present him with an affidavit and proceed to swear him as to his age and ability to "take the liquor like a man."

The affidavit contains blanks for the date, name of the patron, and the name of the waiter. It is anticipated that this will form some protection to saloon men in Oakland if it is carried out, and will permit them to live within the letter of the law as well as the spirit.

ARMY ENLISTMENT SHOWS DECREASE

Falling Off Believed to Be Due to Reserve Created by Act.

WASHINGTON, Aug. 14.—Enlistments in the army are falling off about 400 a month and army officials believed it to be due largely to the establishment of the army reserve created by act of Congress. However, only eight men formerly in the army have joined the reserve, which was inaugurated last November, although this record does not include those men who have enlisted since November and who must serve three years in the reserve following their four years' enlistment.

The average number of enlistments in the army since November 1 last has been 2900 a month, whereas it should have been 2400. Officers opposed to the reserve plan contend that desirable men willing to enlist for four years hesitate to bind themselves for seven years, even though in the final three years they would be on furlough. It was pointed out also that "reservists" would receive a bounty of only \$5 a month in case of war, whereas a man who re-enlisted would receive a bounty ranging down from \$8.

SAY WOMEN "COPS" SHOULD BE YOUNG

SAN FRANCISCO, Aug. 14.—The board of police commissioners yesterday directed a letter to the board of supervisors asking the board to incorporate in the new ordinance creating three positions for police women the requirement that they must be between the ages of 21 and 35, that they must be citizens and residents of San Francisco for the past five years, that they must pass a medical examination to show that they are in good health.

Another communication was directed to the civil service board asking the board in making up an eligible list to take into consideration that the police women will likely be detailed at the Ferry building, at parks, at railroad terminals and stations and the Juvenile Detention house.

Mayor Rolph has approved the title of "women protective officers" and it probably will be the one recommended by the civil service commission.

The civil service commission will decide this and other matters connected with the three new members of the police force today.

SCHOOL AND PLAYGROUND

PLAYGROUND BOYS MAKE CAMP ON BEACH

Thirteen boys from the Garfield Playground, headed with their leaders and rations, under the leadership of Fletcher B. Taylor, a medical student of the University of California, and Supervisor of the Playground, and James P. Crawford, a medical student of Stanford University and former supervisor of the playground, camped on the shore of the Pacific Ocean at Laguna Beach, which is six miles from San Mateo.

The boys left Oakland at 1:30 Friday and reached the ocean on time to eat supper on the beach and find a place to sleep. The camp was about 20 feet above sea level, and some of the small boys were deprived of their sleep fearing that the ocean would overflow. The rats and mice managed to get away with about two loaves of bread, but as each boy had three loaves, the stolen goods were not missed.

AWAKE AT DAYBREAK. Saturday morning all the camp was awake at daybreak and they were as hungry as the rats which had eaten the bread during the night. After breakfast the camp was moved on account of the extreme fog that came late in the night. The camp was an old shack, and it was made to fit the new company by the addition of a tall flag pole and a flag. Here the boys played robber and police in the hills very much like those often seen in the moving-picture films. Later on they went swimming and fishing. For an hour before supper was ready every one had his plate in hand watching the big pot of "molli-kan" which disappeared much quicker than it had appeared. After supper a large camp fire and stories finished the day.

SECOND DAY'S OUTING. The second night everybody slept and woke up with an appetite for the day's work, which were cooked by the experts. All went to the beach, some with bathing suits and some only with their shoes and stockings off. At low tide shells, starfish and lots of other things queer to most of the boys were collected. One boy made a collection of 11 starfish. Games and tricks on the sand were enjoyed. The flag was pulled down and the crowd left at 1:30 and arrived in Oakland at 5:40.

LOVES GOOD MUSIC TREBEL CLEF MEMBER

LOUISE BROWN.

In the musical clubs of the John F. Fremont High School, Louise Brown, who graduated with the class of June, also created an interest in classical compositions, which were often heard at entertainments given under the auspices of the associated students. She was president of the Trebel Clef Society, which included many of the most gifted musicians in the school.

The work accomplished in the Trebel Clef Society has been gratifying to the members of the faculty, and will be continued during the next semester.

Among the girls who were active in the organization are Bettine Barker, Mattie Hill, Florence Hauder, Helen Hartman, Mildred Jackson, Bessie Moyer Helen Pratt and Elena Marl.

TOMPKINS SCHOOL BOYS RETURN FROM OUTING

Twenty boys of the Tompkins School Playground of this city, who enjoyed a three-days' outing in Redwood Canyon, returned yesterday in charge of W. A. Wieland, supervisor of the boys' work. It was the first hiking expedition of its kind ever conducted by Director Wieland.

There was not one of the boys who was not a jaunter of the year. The hike, ranging in age from 12 to 15, composed the party. About 20 miles were covered in the journey.

The youngsters carried their provisions and their blankets. The trip was very inexpensive and was a stimulant to the youths, who are planning to make another hike to the canyon.

MUSEUM LECTURES PROVE POPULAR, SAYS CURATOR

That the lectures given at the Oakland Public Museum were very popular and well attended during the past season was indicated in the fourth annual report of C. P. Wilcomb, curator of the institution. According to the figures, the tallies given by the museum assistants were heard by about 3000 pupils. Boys and girls from the primary, as well as the grammar schools, appeared to be interested in the lectures, which proved very instructive and entertaining. There were 61 classes of the local schools registered in the museum.

The Indian, colonial and aboriginal specimens formed the theme for many of the addresses. The historical significance of the exhibits were dwelt upon in the course.

The number of articles in the collection have been increased by about 3185 importations, which have been gathered from all parts of the civilized world by Curator Wilcomb. Many new gifts to the museum.

The average daily attendance of visitors was 152, and the cumulative registered 44,721 for the year just ended.

SCHOOL SITE TO BE PURCHASED

San Leandro Trustees Decide on New Building Project.

SAN LEANDRO, Aug. 14.—The securing of a site for a new school in the northern portion of San Leandro was agreed upon by the San Leandro grammar school trustees at a meeting last night. The clerk was instructed to carry on negotiations for the purchase of a suitable piece of ground. With the purchase of a site the erection of the school will proceed almost immediately.

This action on the part of the school trustees has been hailed with satisfaction by the residents in the northern district of San Leandro. The decision of the board was the result of a petition presented by the San Leandro Improvement Association and the Broadmoor Mothers' Club, asking that a new school be built to accommodate more than 100 children living in the north end of town who, it was pointed out, have at present to walk a considerable distance to the school.

A site for the school has been offered on Broadmoor at a reduced figure.

Is Taft's Double In Acting Command

SERGEANT McCLOUD.

MELROSE, Aug. 14.—Ex-President William Taft rules Melrose Police Station in the absence of Captain T. Brown. At least one would be inclined to suppose that the "Taft" figure that occupies the chair of command was that of Acting Sergeant in Command William M. McCloud.

Sergeant McCloud, one of the oldest and most trusted officers of the Oakland police force, has been appointed by Chief Walter J. Petersen as sergeant commanding the Melrose Police Station in the absence of Captain T. Brown, who is on a prospecting trip to the Mexican border. The position carries with it much responsibility, but the sergeant, from his long experience and intimate acquaintance with police duties, is admirably fitted to represent the captain. In vesting Sergeant McCloud with charge of the Melrose station headquarters shows that it places confidence in his executive and administrative ability.

A long and honorable career, extending over twenty-six years, is Sergeant McCloud's record in the Oakland force, during which time he has consistently built up a reputation for honesty, integrity and efficiency. At one time the sergeant was spoken of for the position of lieutenant. His career as a police officer has been marked by exciting adventure and many a tale can be told of the sergeant's daring in effecting captures of desperate criminals in the city.

McCloud police as a patrolman, and was shortly afterward raised to the rank of corporal, later being appointed sergeant, which position he has held for many years. He served seven years in the central police office.

Sergeant McCloud is popular with his comrades and with the general public, with whom in his capacity as desk sergeant at Melrose station he comes largely in contact. "We are proud to have him in our office as acting sergeant in command. His close resemblance to ex-President Taft has often been commented upon, and is a standing joke with his friends."

ON HUNTING TRIP IN MENDOCINO COUNTY

SAN LEANDRO, Aug. 14.—Members of San Leandro Gun club left Tuesday night for their annual hunting trip in Mendocino county. The hunting party, which includes the local crack shot, trained on the Shasta express, and intended to spend three weeks in the deer and bear country. In years past the club members invariably met with good sport and always returned with several bear and deer as trophies of the chase.

The hunters are Daniel Best, C. L. Best, A. J. McCarthy, G. E. Smith, D. W. Clark, and C. H. Manning.

Per, is the reigning spirit of the festivities, and the royal party, in their robes of make periodical rounds of the fair grounds while they will take part in the processions. The attractions yesterday included a parade in the evening through the streets of Elmhurst. The order of Moose will hold a big parade Saturday, August 16, with Thomas F. Moore as police will head the procession. The carnival committee are arranging a rousing chase to the festivities.

LODGE CONDUCTS FUNERAL SERVICE

Miss Caroline Anderson of San Leandro Is Laid to Rest.

SAN LEANDRO, Aug. 14.—Rosa Rebekah lodge, No. 248, of San Leandro, conducted the services yesterday afternoon at the funeral of Miss Caroline Anderson, a well known resident here who died in an Oakland hospital Sunday night while undergoing an operation. Miss Anderson was secretary of the Rebekah lodge and was instrumental in adding greatly to the prosperity of the lodge. She was a prominent member of the Alta Mira club here, and took an active share in the social life of the community.

Deceased belonged to an old pioneer family and came to San Leandro in the service from Mount Eden. She resided along with her sister, Miss Christina Anderson, on Estudino avenue and the funeral took place from there, the Rebekahs carrying the casket to the funeral home. Her sister, deceased is survived by her niece, Mrs. A. Bremer.

LIEUTENANT HOLMES LEAVES COMPANY H

HAYWARD, Aug. 14.—Second Lieutenant Harold Holmes has resigned from his commission in company H of the National Guard of Hayward. The lieutenant finds this step expedient owing to pressure of business, which he considers does not allow him to devote as much time to military duties as he would like. Lieutenant Holmes has served as a soldier from his early days. When little more than a boy he enlisted in company B of the National Guard in San Jose. He joined company H when the company was formed five years ago and was appointed a sergeant, later a lieutenant, which he has held for several years. His fellow soldiers in company H will regret the lieutenant's retirement from the regiment, in which he was a popular officer.

FINED IN HAYWARD FOR EXCEEDING SPEED LIMIT

HAYWARD, Aug. 14.—After a slight break in the line, lasting for about a week, the parade of motor speeders who register their names with Judge Charles F. Brown has been resumed. Each driver of \$10 each was turned in to Deputy Marshal Joseph Mendonca by the following motorists, who were caught speeding in their automobiles: W. Picard, R. Heine, Kay Hill and W. Rappe. M. Stone and R. A. Sailor motorcycleists were arrested for exceeding the speed limit and forfeited \$5 bail.

CONSTABLE OUT ON HEAVY BAIL

Joseph Roderick Accused of Releasing Prisoners, Is Given Hearing.

CENTREVILLE, Aug. 14.—Constable Joseph Roderick came up for preliminary hearing at Centerville yesterday on a charge of permitting prisoners to escape from the Niles jail for a money consideration. The hearing, which commenced at the home of Justice of the Peace Sam Sandholt, was adjourned after the testimony of Justice Sandholt.

Justice Sandholt is at present seriously ill and the preliminary hearing was held on the front porch of the justice's residence. The testimony was taken by

and for the purpose of the case he transferred his court to Centerville. District Attorney William H. L. Hynes is personally conducting the prosecution.

JUDGE TESTIFIES.
Justice Sandholt testified that he had fixed the bail of four men who were supposed to be in the Niles jail; that Roderick had stated they were in the jail; that no cash had ever been received by the court and that no order of release had been issued.

The prisoners have already told the grand jury that they were released shortly after their arrest, when some of them freely paid Constable Roderick \$30 which he declared, was the amount of the bail. Justice Sandholt testified the cases were never called in his court.

District Attorney Hynes took the case out of the hands of the grand jury and proceeded against the constable on a complaint issued out of the court of Judge Wagoner.

The grand jury had the testimony of Justice Sandholt, but that did not get admitted in evidence in a trial in the superior court, while his testimony before a committing magistrate is admissible.

GIVES HEAVY BONDS.
Constable Roderick is at liberty on \$10,000 bonds and is serving as constable at Niles. It developed today that Roderick went to Sandholt Saturday night and offered to turn the \$30 over to the justice with the remark: "Here is \$30 that I don't know what to do with." Justice Sandholt took the money and turned it over to the district attorney.

BEGINS WAR ON SPARROWS

University Edict Arouses Melrose Youngster to Lively Air Gun Crusade.

MELROSE, Aug. 14.—Little Joseph Busick, 11 years of age, of 2125 Fortyeighth avenue, in carrying on the popular warfare against the sparrow, found himself in trouble yesterday. Joseph read the edict against the English sparrow pronounced by the University of California authorities, and considered that his act in shooting down sparrows from the trees in Melrose was not only permissible, but commendable. He therefore purchased an air gun expressly for the purpose of carrying out his war against the sparrows and set to work putting at all the members of that species he could see. Unfortunately, for Joseph, several of his windows were also within range of his air gun slugs and the glass ran more than that the sparrows. His sparrow-shooting campaign was brought to an abrupt termination by the appearance of a Melrose police officer. Joseph wasn't the least afraid, but told the officer that he, Joseph, was a citizen, and that they were legal shot. The little boy was informed otherwise, especially where the hunting was conducted in the neighborhood of windows. Joseph was conducted to the shop where he purchased the air gun and received back his money, vowing he would leave sparrows alone in future.

JOSEPH CERERO ENOS DIES AT SAN LEANDRO

SAN LEANDRO, Aug. 14.—Joseph Cerero Enos, of 744 Davis street, one of the pioneers of this district, died at his home Tuesday. Deceased, who was 65 years of age, was a native of Portugal. He is survived by a widow and four children. He has been thirty years in San Leandro.

The funeral will take place next Saturday at 9 a. m., and regular high mass will be held at St. Leander's church. Interment will be in St. Joseph's cemetery, Hayward.

FINED FOR EXCEEDING SPEED IN SAN LEANDRO

SAN LEANDRO, Aug. 14.—Motor speeders were dealt with yesterday by Judge D. U. Toffelmier. The speeders were arrested by Special Officer Earl Sherman on the boulevard. J. B. Strubbe was fined \$25 for exceeding the speed limit, and a similar penalty was imposed on E. Burns. Sherman has also filed complaints with Judge Toffelmier against Frank I. Satre and Joe Purdado, who will be charged with exceeding the speed limit.

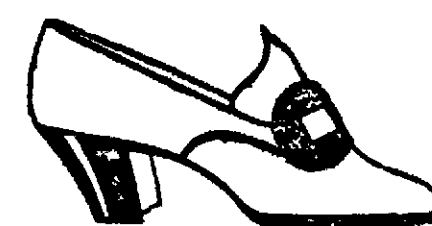

HAYWARD HUNTERS TO SHOOT BEAR AND DEER

HAYWARD, Aug. 14.—H. R. Robinson, a member of the Hayward chamber of commerce and a well known real estate man and Dr. Cecil Corwin of Hayward, accompanied by their two sons, will leave this week for a ten-days hunting trip to the McCloud river. Bear and deer will be sought by the hunters in the rich game country on the banks of the McCloud river.

FRUITVALE, Aug. 14.—Mrs. Mette Sophie Frost, a nonagenarian, and one of the best known residents of Fruitvale, died yesterday morning at the home of her sister, Mrs. Catherine Miller, 2825 Allendale avenue. Mrs. Frost, who was a widow, resided in Fruitvale for over forty years, and was one of the pioneers in this part of the state. She was a native of Denmark.

Deceased was the mother of Mrs. Catherine Miller, and Hauser and Nis Frost, and mother-in-law of P. C. Fredericksen.

The Emergency Value of Big Organization

WHEN a real catastrophe happens to a telephone system; when a fire destroys an exchange and the terminal apparatus, or a storm lays low the pole lines, the value of a big organization is quickly shown. When a conflagration swept the city of Chelsea, Mass., it burned the Bell Telephone exchange and destroyed the telephone equipment. The next day a temporary central station was established amid the ruins, and the service restored.

With similar promptness telephone service was re-established in Baltimore, San Francisco and Bangor and after the more recent disasters in the Middle West.

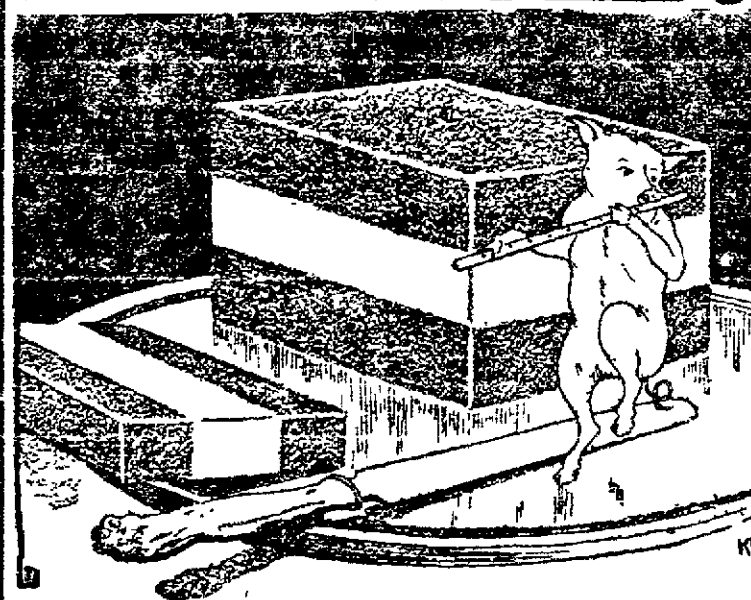

To meet great emergencies, complete switchboards and apparatus valued at over \$100,000, are kept at Chicago and New York, crated and ready, for shipment whenever the call for help comes from any part of the organization.

GROUND BROKEN FOR NEW SYNAGOGUE BY THE FIRST HEBREW CONGREGATION

FINE EDIFICE OF WORSHIP TO RISE

First Earth Turned for \$100,000 Temple on 28th and Webster Streets.

The first spadeful of earth was turned today in the construction of Oakland's newest church, when, with appropriate religious exercises, the building of the new \$100,000 synagogue was begun. President Abraham Jonas of the congregation turned the first spadeful of earth. A large number of visitors, church officials and members of the congregation were present.

The exercises were of a purely religious character and were extremely brief. Rabbi M. Friedlander opened the services with the reading of a chapter of the Bible. Following this he presented the spade to the president, with the authorization of the board of directors of the church, to break ground.

Jonas, before turning the earth, spoke in Hebrew, offering a prayer for the safety of the men to be engaged in the work.

"The board of directors," he said, "has done me the honor to delegate me to break ground for this new edifice. In so doing I wish to offer prayer to the most high.

PRAYER FOR WORKMEN.

"We thank thee, O Lord, that you have permitted us this day to break ground for this, our new house of worship, erected to thee. We pray that the workmen engaged on this work may escape accident and injury in its erection, that the work may prosper and in due time we may be permitted to dedicate to thee this building, in Thy holy name. Amen."

Following the prayer the president turned the earth. Workmen then took their places on the ground and the construction from here on will be rushed to completion.

Beside President Jonas stood the contractors of the building, James Peugitt and W. F. Schnebely, who, with Rabbi Friedlander and the board of directors, are in charge of the building. The board of directors consists of the following: A. Jonas, president; M. Schneider, vice-president; Mervin Samuels, secretary; Frank Buttigstein, treasurer; Fred Kahn, William Schmidt, A. Schafren, Bert Altmeier, George Samuels and A. S. Lavenson, trustees. These also comprise the building committee in charge of operations.

WILL LAY CORNER-STONE.

The first formal ceremony in connection with the building of the new edifice will occur at the corner-stone laying, which will take place as soon as the foundations are down. The date will be announced by the building committee within a few days.

The First Hebrew Congregation was established in a gymnasium at Fourteenth and Franklin streets, opposite the old First Presbyterian church. In 1902 it moved to Thirteenth and Clay streets and a short time later to Twelfth and Castro streets, where it remained until the present site at Twenty-eighth and Webster streets was chosen.

The new building was designed by G. Albert Lansburg and will be one of the most handsome church edifices in the city. A handsome entrance, with Corinthian columns. The interior will be decorated in blue and gold and Biblical scenes and passages from the Scriptures will decorate the walls. The church lot was crowded with spectators at the exercises today.

The work, according to the building committee, will be rushed to completion and the congregation expects to enter its new home within a year.

CONGRATULATIONS FROM DISTANCE.

Good wishes for the new synagogue were received this morning by President A. Jonas from George Mosbacher, former president of the congregation, writing from Los Angeles, and Mrs. M. Friedlander, who wired from Denver, where she is a visitor.

"Heartiest congratulations," wired Mrs. Friedlander. "May our congregation radiate joy and happiness to all who come within its walls and be a beacon light to sister congregations and 'My city Oakland.'"

MRS. M. FRIEDLANDER.

Mosbacher's note is as follows: "Dear Jonas—Tomorrow you break ground for the new temple. My thoughts are with you all. I should like to be there. My wishes are that you achieve the success you deserve. May you erect an edifice which will be a credit to our people in Oakland. I hope when completed you will find it free from debt, and will carry on its great work. Yours,

"GEORGE MOSBACHER."

POSTMASTER'S BROTHER HURT.

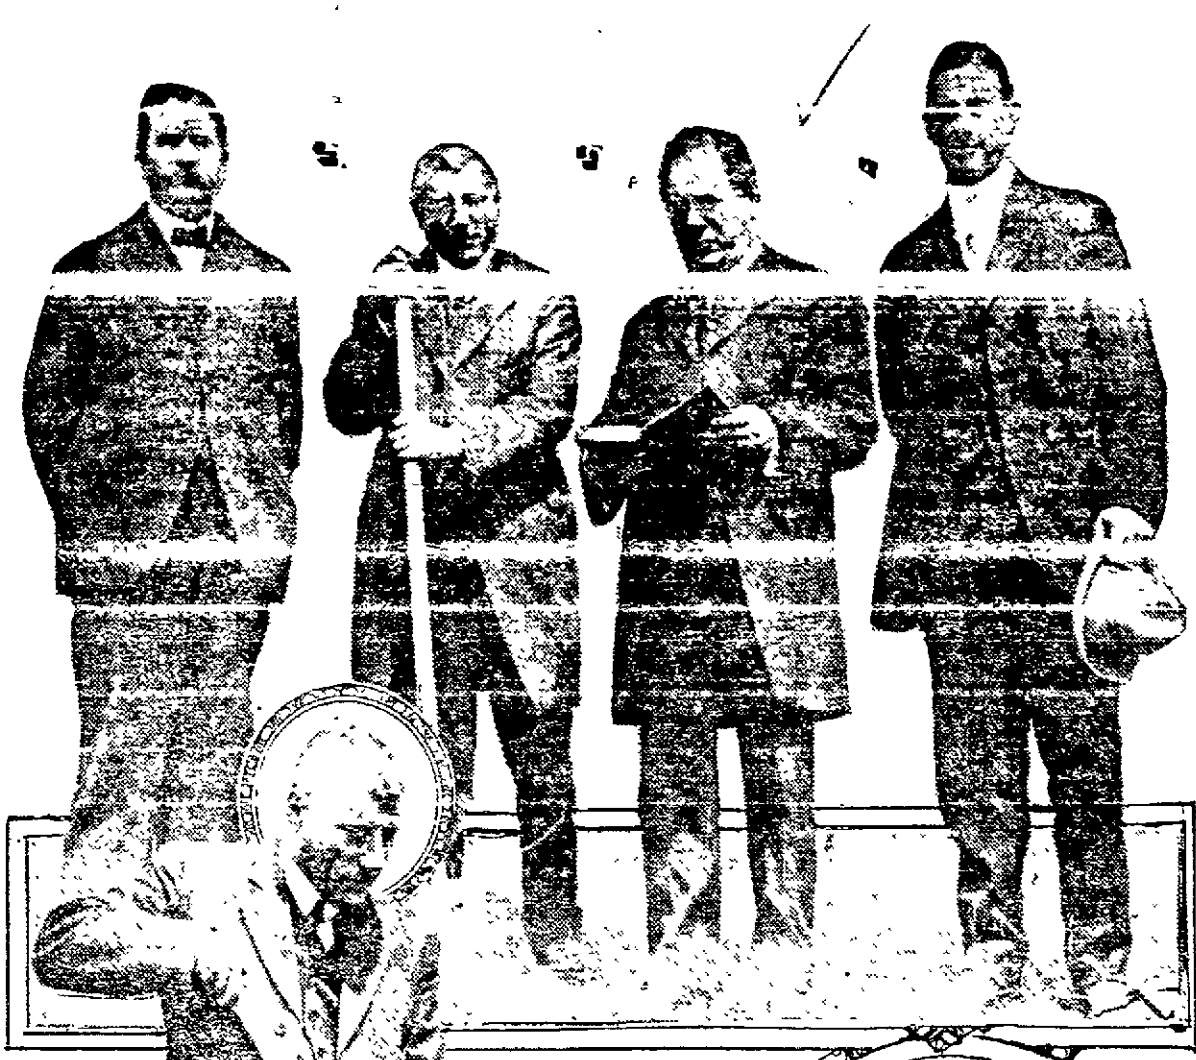

While drilling a safe in the postoffice this morning, Mollie Schaefer, brother of Postmaster Paul Schaefer and superintendent of the money order department, was painfully injured when a small piece of steel flew into his eye. The particle was removed at the Emergency hospital. Efforts were made to open the safe as the combination had been lost.

CHARLTON EN ROUTE TO ITALY FOR TRIAL

Confessed Wife Slayer Visited by Father Before Departure

JERSEY CITY, N. J., Aug. 14.—Porter Charlton, confessed wife murderer, left today to be tried in Italy for killing Mary Scott Castle Charlton and throwing her body in Lake Como. The steamship Re d'Italia, on which the prisoner travels third class in charge of Italian officials, left his pier about 10 o'clock. Italy has no death penalty, but Charlton faces the possibility of solitary confinement for life. His father, Judge Paul Charlton, a Yale classmate of ex-President Taft, will attend the trial.

The case of Charlton was removed early today from the jurisdiction of the United States when he was given over by the warden of the jail at Jersey City to two Italian policemen, in accordance with extradition papers. He was reported to be in high spirits in prospect of a sea voyage after nearly three years' confinement and confident that at the hands of the Italian authorities he would receive an acquittal.

VISITED BY FATHER.

Before being removed to the Re d'Italia he shook hands with all the jail officials and his fellow prisoners and was also visited by his father, Judge Paul Charlton, who, with his wife, who is the prisoner's stepmother, will go to Italy to be present at the trial.

Charlton was a young bank clerk and was on his honeymoon with Mrs. Neville H. Castle, daughter of Henry B. Scott, a San Francisco coal merchant, when the tragedy occurred at Lake Como, Italy, near which the couple had been living in a villa. Mrs. Charlton's body was found June 10, 1910, in a trunk at the bottom of the lake. Charlton was traced to America, where he confessed to killing his wife. He has bitterly fought extradition for the last three years, but on July 8 last he lost his last appeal.

Taboo Slit Skirts In Pay Envelopes

NEW BRITAIN, Conn., Aug. 14.—Several hundred young women stenographers and clerks employed by a large manufacturing concern here are receiving polite notes in their pay envelopes this week, with warning that slit skirts are not to be tolerated. Each note is asked to appear for work in businesslike and modest clothes.

WORKS IS PEEVED OVER TARIFF BILL

Says Progressive Would Have Supported Fair Measure

LOS ANGELES, Aug. 14.—United States Senator John D. Works is at his Los Angeles home today with the intention of remaining away from Washington during the remainder of the present special session of Congress unless matters of grave importance demand his return or he finds he will be able to serve California in the tariff revision controversy.

"I have made my fight on the tariff," said Senator Works. "The Progressive Republicans would have been glad to support a fair measure for tariff reduction, but they all believe there should be a reasonable protection to the country's industries. The reduction of the tariff on lemons gives a fair illustration of the way the bill was formulated."

Speaking of the Mexican situation, Senator Works said: "President Wilson is doing all he can to avoid intervention in Mexico and the American people should support him in his efforts. He does not believe in recognizing Huerta. Neither do I. I do not think the United States should recognize a government founded upon treachery and assassination."

"We may be compelled to intervene in Mexico to protect American citizens and their property, but that ought to be the last extremity. Our failure to recognize the Huerta government, however, and at the same time our refusal to the Constitutionalists the right to import arms, seems to me inconsistent. If we do not recognize the Huerta government there is no reason why the Constitutionalists should not be placed on the same basis with it."

Bankers Tell of Crop-Moving Needs

WASHINGTON, Aug. 14.—Bankers from Pacific coast cities gathered at the treasury department today to outline their needs for participation in the \$50,000,000 government deposits about to be distributed in the crop moving states.

Secretary McAdoo made it plain that the funds are to be placed only with banks in the larger cities, and it was with the express stipulation that they would look after the needs of the small banks.

Among those present were: Jesse Link, San Francisco; E. A. Wyld, Portland, Ore.; Daniel Kelleher, Seattle; and Charles A. McLean, Spokane.

EXONERATE RAILWAY FOR AUTO ACCIDENT

Board of Inquiry Places Fault for San Lorenzo Mishap

SAN LORENZO, Aug. 14.—The board of inquiry which met at San Lorenzo to investigate the circumstances of the fatal automobile accident, when a Southern Pacific flyer collided with two automobiles, exonerates the Southern Pacific company.

The board of inquiry consisted of E. A. Campbell, assistant superintendent of the Southern Pacific company; E. A. Porter, division engineer; A. C. Hinkley, master mechanic; H. F. Schuster, postmaster of San Lorenzo; and Henry B. Martin, a vegetable grower of San Lorenzo.

In its findings the board of inquiry said thorough inspection was made by it of the ground from the point of the accident and that it noted the clear vision a driver could have of the approach of a train over a half-mile test before reaching the main track. The members of the board walked both ways on the highway and on the railroad track and had the street car which was said to have blocked the view of the automobile's party spotted where it stood at the time of the accident. It is the opinion of the board there was plenty of vision for persons driving from that side of the track approaching the railroad.

The evidence showed that the bell of the engine was ringing continuously and that the engineer sounded his whistle for the crossing before striking the uphill.

Intercept Japanese Sampan Carrying 15

SAN FRANCISCO, Aug. 14.—In tow of the steamer Pomo, a Japanese sampan with 15 Japanese on board, passed through the Golden Gate this morning and was taken in charge by immigration officers. The sampan was sighted early this week maneuvering for a landing north of Point Arena. She had made the trip across the Pacific without the formality of declaring their arrival, but inspectors were sent north and intercepted them.

NINE MINERS KILLED ON GRADE

Ore Car Dashes Down Shaft When the King-pin Snaps.

Safety Chain Gives Way Under the Weight of Heavy Car.

CLIFTON, Ariz., Aug. 14.—Nine men were killed and one probably fatally injured late yesterday when a coupling pin snapped at the Coronado mine and two ore cars, carrying twelve tons of ore and thirteen miners dashed down a 35-degree grade for a distance of 3300 feet.

The weight of the cars and the fact that they were lowered by means of a cable, which is one of the longest and steepest in the world, when the pin holding the cable attached to the cars snapped, the safety chains broke and the cars started downward like a shot.

Before the cars gained too terrific a momentum three Americans named Luddell, Scott and Ambler, recovered presence of mind enough to roll off, but nine of those who remained on the cars were killed while the other was so seriously injured that he was expected to die.

The dead are: Mining Engineer Schaefer, formerly of Colorado; E. M. Jones, an electrician of Clifton; and three Americans, two Italian and two Mexican miners.

Farley Would Die Among His Horses

YONKERS, N. Y., Aug. 14.—James Farley formerly widely known as a strike-breaker and horseman, who was brought here last week reportedly ill with tuberculosis, so that he might see some of his old horses compete in the racing meet at the Empire track, was taken to Monroe in an automobile last night to see more races there. The journey was against the advice of physicians, who said it would surely hasten his death. Farley replied: "I am going to die I'd rather be with my dear old horses than anywhere else."

Injured by Auto, Sues Millionaire

SAN FRANCISCO, Aug. 14.—Francis J. Carolan, the millionaire capitalist and club man of San Francisco, was made defendant in a \$25,000 damage suit filed today by Emma Van Wert, a glass worker. The latter claims that in December last he was run over by an automobile by Carolan and that the capitalist promised him \$25,000 and \$100 monthly while he was disabled, or that sum for life if his death was permanently impaired. He sets forth that on January 6 he got the \$25,000 but that Carolan has refused to pay the \$100 per month although he asserts that he has been injured for life.

Books Show Payment Alleged by Mulhall

WASHINGTON, Aug. 14.—N. C. Meade, secretary of the Merchants' Association of New York, before the Senate lobby committee today, produced the books of the National Tariff Commission Association, showing that the National Association of Manufacturers contributed \$10,000 and testified that the tariff association had paid to former Congressman James E. Watson \$3700 between April and July, 1909. Martin M. Mulhall has testified that Watson was employed to lobby for a tariff board.

FIGHT OVER TRANSFER CAUSES WOMAN'S ARREST

SAN FRANCISCO, Aug. 14.—Dorothy Means, a domestic of 2714 Octavia street, was given a night in the county jail for a fight over a transfer. She was charged with showing a rough scene on a Fillmore street car.

CONSULT ABOUT RETURN OF BUNCO WITNESSES

SAN FRANCISCO, Aug. 14.—Sheriff Eggers and District Attorney Pickert held a consultation this morning to decide whether to return to the city the Rafael Pasquini Manuel Shenoy, and Frank C. ... who were arrested in the police scandal and are no longer needed here.

BONES ARE 'PORKERS,' NOT THOSE OF MURDERED WOMAN

CHICAGO, Aug. 14.—Pieces of bones found in a furnace at the home of John Grady, charged with the murder of Nellie Hastings Grady, his wife, were not those of a human being, but probably were the remains of a roast pork dinner, according to a decision today by Professor George A. Dorsey of the University of Chicago.

Grady was arrested by the police, after a sister of Mrs. Grady came from Cincinnati and discovered that the man's wife had been missing for two years. A search of the Grady basement revealed the charred bones, which the police arrested, explained Mrs. Grady's fate. It was declared that the woman probably had been murdered and her body burned in the furnace.

Professor Dorsey, after a scientific analysis of the bones, informed the authorities they were not those of a human.

roast pork dinner," he said.

Grady is still held at a police station under the murder charge.

WAR ON I. W. W. WAGED AT MINOT

Officials Discuss Advisability of Appealing to Governor for Troops.

Safety Chain Gives Way Under the Weight of Heavy Car.

MINOT, N. D., Aug. 14.—The I. W. W. war in Minot had gained such proportions today that officials were discussing the advisability of appealing to the governor for state troops. One thousand more Industrial Workers of the World were reported to be on their way to this city to aid in the battle for free speech. The determined I. W. W. men were holding a meeting. The Industrial Workers retaliated and scenes of wild disorder followed. Police and deputies forced their way through the mob, striking right and left. Many persons were severely clubbed and otherwise injured. The disturbance continued until 27 of the I. W. W. had been arrested.

PREVENT JAIL DELIVERY.

Fearing a jail delivery would be attempted, officers armed with high-power rifles patrolled the tops of the jails and adjacent buildings throughout the night.

The prisoners, now numbering 129, holed most of the night and the din could be heard for blocks. At one time the fire department was called out and turned the hose on them in an effort to quell the disturbance. Farmers are becoming interested in the war to the extent of refusing to hire men who are affiliated with the organization.

MILITIA AT NANIMO.

NANIMO, B. C., Aug. 14.—Fearing that trouble might be precipitated if their attempt to land at Nanimo, 290 militiamen were ordered up from Victoria were put ashore at 7:30 this morning at Departure Bay, five miles from the head of Nanaimo. No strikers mob was in sight and before 9 o'clock the uniformed men, bearing arms, were marching into Nanaimo. The mob which last night fought and burned at Extension, 15 miles away, was not in this city this morning. The only serious casualty last night was the wounding of David Baxter, who is lying unconscious in the hospital.

The messenger from Ladysmith and Extension could not tell how many houses had been burned or what damage had been done by looters and window-breakers. Twenty-two special policemen returned from Nanaimo to Victoria this morning. They are the last of the men sent over from here. They did not wish to stay in the strike zone any longer.

Reports received today of the rioting in various coal towns of Vancouver island yesterday and last night show the following results: Two mines shut down and flooded; Nanaimo river bridge blown up and burned; Nanaimo Herald forced to suspend publication; Ardenhead, a contractor at Extension, shot and seriously wounded.

DULUTH POLICE WITHDRAW.

DULUTH, Minn., Aug. 14.—Protection by the Duluth police department was withdrawn from the Duluth, Missabe and Northern docks today. The special police gradually will be withdrawn. Defeat practically admitted by members of the I. W. W.

Find Skeleton of Woman in Sack

LOS ANGELES, Aug. 14.—A new murder mystery, of one previously unknown was vigorously proved today by police and deputy sheriffs. Children playing in the dry bed of the Los Angeles river found a sack containing a skeleton of a young woman with the skull crushed as if by a blow of a hammer.

Falls Dead as Man Kills Her Poodle

INDIANAPOLIS, Aug. 14.—Miss H. man Barrett, 72 years, fell dead here last night when she saw Charles Young kill her pet poodle dog. He struck the animal with a heavy whip he was carrying when it ran at him barking.

PRESIDENT IS OPPOSED TO RECESS

Would Have Congress Remain in Session and Take Up Currency.

Wilson Against Agreement to Adjourn After Tariff Legislation.

WASHINGTON, Aug. 14.—President Wilson today informed Democratic Senators that he was unalterably opposed to any recess of the Senate between the time the tariff bill is passed and currency is taken up. He made it plain to them that he had no intention of doing so.

The President communicated his views through Secretary Tumulty, who last night in an early today got in touch with most of the Democratic Senators and came to the conclusion that a substantial majority was in favor of immediate action and no recess.

OPPOSES AGREEMENT.

Incidentally, the President took a strong position on the question of legislative agreements between Democrats and Republicans in Congress. He believed that the Democrats, as the dominant party, should proceed with determination and not trade with the minority.

The fact that Republican Senators had informally agreed to speed up consideration of the tariff bill if a recess were assured after its passage prompted the President to urge that business throughout the country demanded early action on the tariff regardless of whether any vacation or recess was promised in return.

CAUCUS ADJOURNS.

Democratic senators were caucusing on the recess proposal at the time President Wilson's views were being made known.

The caucus adjourned until tonight without getting to the question because of an early meeting of the senate and because of time consumed in discussion of an unexpected resolution by Majority Leader Kern to open the caucus to the public. Kern's motion to open was voted down, but he declared it would come up again tonight with the question of recess and the whole question of a legislative program.

Senator James of Kentucky, who came directly from the White House to the caucus, outlined President Wilson's plan against recess or delay of currency legislation.

"The President is opposed to any delay on currency," said Senator James. "I think the Democrats will give him unanimous support. A few men who don't even represent the minority party are filibustering against the tariff and blocking progress. I am in favor not only of a continuous session but of a cloture rule that will shut off some of this filibuster and hold the senate down to business."

The Seattle Plan Printers Study It

JAMES M. LYNCH.

NASHVILLE, Aug. 14.—The "Seattle plan," which vests in a committee of 20 the powers now held by the officers, was considered by the International Typographical Union Convention today. The discussion pre-

proposition to make Indianapolis the permanent headquarters after 1914 will be considered later today.

A sharp verbal clash between President Lynch and Delegate Hitchens of Cincinnati featured yesterday afternoon's session of the International Typographical Union Convention.

An amendment submitted by a Los Angeles delegate for which the union committee had offered a substitute, was under consideration. The law provides that it shall be unlawful to install in any printing office blind clocks or electrical devices on line-casting or typesetting machinery whereby the operator cannot readily see the number of lines enumerated. The substitute of 23 and declares the practice unlawful, but urged that the local unions advise their members to ignore the use of such appliances. Delegate Hitchens made statements which President Lynch construed to be a reflection on foremen of composing rooms.

At the conclusion of his reply to Hitchens, Lynch started to put the question, when Hitchens claimed "personal privilege," exclaiming: "I want to denounce the president of this union for putting words into my mouth that I did not say."

"Your position is not well taken, because the president denies that he did what you claim," retorted President Lynch.

Hitchens still demanded the floor, but the president put the question, and the law committee's substitute was adopted by a vote of 107 to 41.

ATHLETE BADLY HURT.
HARRISBURG, Pa., Aug. 14.—William New Ashe, who made a reputation as a football player at the Carlisle Indian school, sustained a broken rib, lacerations of the scalp and other painful bruises last night when his automobile turned turtle as he was driving alone near this city.

MAXWELL DEALER HOME FROM EAST

Fred Linz Returns From Trip to Auto Factory Much Pleased.

(By EDMUND CRINNION.)

After a thorough trip of inspection of the new Maxwell models at the big Detroit headquarters, Fred J. Linz, president and general manager of the Coast Maxwell car agency, returned yesterday to San Francisco more enthusiastic than ever over the 1914 models.

With Linz came T. J. Toner, who will act as district manager for the Maxwell company, succeeding C. R. Newby, who came to the coast on the organization of the Maxwell company and will be in charge of the large parcel according to Arthur Hill, the Oakland distributor for the Maxwell cars. Toner has been associated with the Maxwell

organization in New York. For the past year he has been at the Detroit headquarters. His new post will give him the entire Coast region and he is far east as Utah to cover. He will immediately assume his duties and will make his headquarters in the Linz company's home on Van Ness avenue.

Linz is most pleased with his mission. He is anxious for a large percentage of the coming season's cars, and he has been assured early deliveries of all models.

The new cars, according to Linz, will create quite a surprise when they reach the coast. He is particularly pleased with the features designed to increase the comfort of the occupants. The minutest detail in the matter of finish has not been overlooked by the designers, says Linz. "and the motor has a wealth of power that will make it most popular in the hilly districts of the Coast region."

PRETTY TOUR.

One of the most interesting touring sections near San Francisco is in and about Monte Rio, according to Milo Bekins of Bekins-Speers Motor company, agents for the Lutz cars, who, with W. D. Thompson of Chasler and Lyon company, toured the region last Sunday. Bekins in speaking of the trip, said:

"I have traveled all over the coast in a motor car, and to my mind, there is no place that abounds in such rugged and interesting scenery as to be found along the Russian river in the neighborhood of Monte Rio.

"It is different from Lake county, or the mountain sections of the south line. It has an individuality all its own and hard to describe. One has to see it for themselves to really appreciate the tour.

"The roads from Sausalito to Guerneville are fair, and from the latter place up along the river and around Monte Rio, we found it rather and quite dusty with some sharp turns. However, for one who is used to driving, it is an easy trip of 15 miles, there and back.

"At Monte Rio we decided to cross the river to the other side of the river, but was warned against fording. This was enough, however, for us to make the attempt, and we had an exciting motor-boat ride in an automobile, for over a hundred feet, that I have ever taken."

SUNSHINE, BUT LITTLE HEAT

Agreeable August Weather to Continue Tomorrow, Says Forecaster.

TODAY'S TEMPERATURES.

The weather conditions in the bay cities and throughout the whole state are favorable and August has so far brought sunshine and an absence of extreme heat, even in the interior valleys.

For tonight and tomorrow the weather bureau promises a continuance of these pleasant conditions and the heat of the interior will be cooled by a light west wind.

East of the Mississippi river rain has fallen generally. In the Missouri valley, the mercury has risen considerably, but on the Atlantic seaboard comparatively cool weather prevails. The highest temperature in the country is at Yuma, Ariz., with 108. New York registered only 70, Boston 64, Chicago 78, St. Louis 58, New Orleans 88, Kansas City 100, Denver 34, Seattle 64 and Spokane 53.

KANSAS CITY, Mo., Aug. 14.—Light rains in widely scattered sections of Kansas, Missouri and Oklahoma today failed to give relief from the excessive heat that has gripped the three states for ten consecutive days.

The average maximum temperature in Kansas again was above 100 degrees, although over the state it was a few degrees cooler than yesterday. A few showers, which were not heavy enough to relieve the crop situation, were reported from Central Kansas.

The maximum temperatures were reported from Junction City and Manhattan, where the government thermometers registered 108. Salina, where a few drops of rain fell, reported a temperature of 104. The maximum at Topeka was 102.

William Lewis, 50 years old, died a victim of the heat at Leavenworth, where a temperature of 103 prevailed. Water shortage is said to be responsible for an epidemic of typhoid fever at Wilsey, in Morris county, where the summer has broken all previous heat records.

Farmers continue to rush their cattle to market because of the scarcity of feed and water. Leading stockmen in Chase county, Kas., today estimated that one third of the cattle on the Western Kansas ranges have been

temperatures over Missouri and Oklahoma today averaged a little lower than yesterday.

Suggestions Solicited

EDITORIAL.

People like to go into a clean, bright store, meet a quick, active salesman and get, without argument or suggestion, exactly what they ask for.

The day of uncertainty has passed, as far as up-to-date stores are concerned. People know what they want, and the far-seeing druggist knows that he makes the most friends and

giving every one what they call for without advising anything else. Bowman's adopted this policy many years ago. We have always set the pace in matters of this kind and propose to continue to do so.

THERMOS BOTTLES REDUCED

The manufacturers of Thermos bottles have reduced the price!

That's good news, isn't it? They've also introduced a new line in the form of a corrugated style, which seems to have a number of advantages.

A thermos bottle is a handy little article even if never taken out of the house. They've been associated with picnic parties, auto trips, etc., so much that their household advantages are lost sight of.

For instance, you use your thermos bottle if you're going away and want to have some hot soup for the children's luncheon, or a hot cup of coffee for an early morning breakfast, or hot water during the night.

They're handy for many uses and the day will come when they'll be as generally used in the home as the hot water bottle is used today.

The \$1.50 pint size has been reduced to \$1.25.

The \$2.50 pint size has been reduced to \$2.00.

The \$3.50 quart size has been reduced to \$2.50.

The new nickel corrugated styles, pint size \$1.50; quart, \$2.50.

EDITORIAL.

People like to go into a clean, bright store, meet a quick, active salesman and get, without argument or suggestion, exactly what they ask for.

The day of uncertainty has passed, as far as up-to-date stores are concerned. People know what they want, and the far-seeing druggist knows that he makes the most friends and

giving every one what they call for without advising anything else. Bowman's adopted this policy many years ago. We have always set the pace in matters of this kind and propose to continue to do so.

THERMOS BOTTLES REDUCED

The manufacturers of Thermos bottles have reduced the price!

That's good news, isn't it? They've also introduced a new line in the form of a corrugated style, which seems to have a number of advantages.

A thermos bottle is a handy little article even if never taken out of the house. They've been associated with picnic parties, auto trips, etc., so much that their household advantages are lost sight of.

For instance, you use your thermos bottle if you're going away and want to have some hot soup for the children's luncheon, or a hot cup of coffee for an early morning breakfast, or hot water during the night.

They're handy for many uses and the day will come when they'll be as generally used in the home as the hot water bottle is used today.

The \$1.50 pint size has been reduced to \$1.25.

The \$2.50 pint size has been reduced to \$2.00.

The \$3.50 quart size has been reduced to \$2.50.

The new nickel corrugated styles, pint size \$1.50; quart, \$2.50.
